DETAILED SCHEDULE
INTER-TRIBAL INDIAN CEREMONIAL
AT GALLUP, NEW MEXICO
SUNDAY - AUGUST 10th

12:00 Noon-MST, Sun., Aug. 10 -- Arrive Gallup - Thunderbird Airport

The General will be met at the plane door by Mr. Sam Akeah, Chairman of the Navajo Tribe. Mr. Akeah will welcome the General. This will be on the radio. After the welcome Mr. Akeah will escort the General to the ramp gate where he will introduce the General to 10 members of his (Akeah's) Advisory Council and to 10 Governors of the Pueblo Tribes.

These two groups will be lined up on the left hand side of the walkway from the gate to the Terminal Building (60 ft. distance). It will only be necessary for the General to shake hands with these two groups as he proceeds from the ramp gate to the porch of the Terminal Building.

To the rear of these two groups will be 150 members of the General Council of Navajos, and beyond them hundreds of members of various Indian tribes. No personal acknowledgement, other than hand-waving, is necessary on the General's part with these two latter groups.

On the right hand side of the walkway there will be some 1500 Indian war veterans. No personal acknowledgement, other than hand-waving, is necessary on the General's part with this group.

After Mr. Sam Akeah has completed his introduction he then turns the General over to Mr. Glenn Emmons, Chairman of Arrangements, who in turn escorts the General to the porch of the Terminal Building where General Eisenhower will be greeted by Governor Mechem of New Mexico and other dignitaries. Please note that only the Indians will be the first to greet the General from the plane steps to the porch of the Terminal, and no whites will be in the foreground upon the immediate arrival of the General.

After the greeting on the part of the Governor and other dignitaries the General and party will proceed through the Terminal Building (30 ft.) to the main entrance and board automobiles for the motorcade to the Hotel.

12:15 P.M.-MST, Sun., Aug. 10	--	Motorcade leaves airport for Hotel El Rancho. (Distance 2½ miles). Enroute for approximately 7 to 10 blocks through the heart of the city the motorcade will move slowly to allow the General to acknowledge the greeting of the crowds lined up on the streets.
12:30 P.M.-MST, Sun., Aug. 10	--	Arrive Hotel El Rancho where a buffet luncheon will be served in a private patio adjacent to Suite (Room 103) for the General and his party and a selected list of dignitaries. The Casino Room has been reserved for the Press for luncheon and filing purposes. Room 111, adjacent to Suite 103, has been set aside as a telephone room where all inbound telephone calls will be routed from the hotel switchboard.
2:10 P.M.-MST, Sun., Aug. 10	--	Motorcade will leave hotel for Stadium. (Same automobile seating arrangement as from airport to hotel)
2:25 P.M.-MST, Sun., Aug. 10	--	Motorcade will arrive Stadium. General and party will proceed directly to private box in time for Grand Entry of performers and National Anthem.
2:40 P.M.-MST, Sun., Aug. 10	--	Upon completion of the National Anthem the General will be escorted by Governor Mechem, Mr. Glenn Emmons, Mr. Lloyd Ambrose (President Inter-Tribal Indian Ass'n), and Mr. Sam Akeah to a temporary platform located on the field (80 ft. distance from the box). Mr. Ambrose will open the introductions by introducing Mr. Emmons, Chairman, who in turn will introduce Governor Mechem, who in turn will introduce General Eisenhower. The plan is for General Eisenhower to speak briefly to the audience, after which Mr. Sam Akeah will present a gift from the Indian Tribes to the General. The General will respond with appropriate words of thanks. All these proceedings will be on a local radio station. Immediately after this the General will be escorted back to his box. Directly under the stands a room has been reserved in which a private telephone (Number 1199) will be available for the General's party's private use.

2:00 P.M.-4:15 P.M. - MST	--	Review Ceremonial
4:15 P.M.-MST, Sun., Aug. 10	--	The General and party will leave box and proceed to automobiles (25 ft. distance) for transfer to the Exhibition Hall (100 yds. distance). Upon arrival Exhibition Hall the General will be given a tour of the booths which will have Indian handicrafts on display. The President of the Ceremonial, Mr.Ambrose, will conduct the General on this tour which should not last more than 12 minutes. Off the Exhibition Hall proper a reception room has been set up for the use of the General and party and has cloakroom facilities adjacent. A private telephone has been placed in this room for our use (Number 879)
4:40 P.M.-MST, Sun., Aug. 10	--	Motorcade will leave Exhibition Hall for airport. (Same automobile seating arrangement as from airport to hotel)
5:00 P.M.-MST, Sun., Aug. 10	--	Leave Gallup - Thunderbird Airport

4. John McDermott, Miami Herald Political writer.

NAMES AND TITLES OF PERSONS COMPRISING RECEPTION COMMITTEE AT THE AIRPORT WHO WILL MEET GENERAL EISENHOWER:

1. James I. Guilmartin, Executive Director, Florida for Eisenhower (head of delegation)
2. Honorable Chelsea J. Senerchia, Mayor of Miami
3. Honorable D. H. Hendrick, Jr., Mayor of Coral Gables
4. Honorable Jack Crim, Mayor of West Miami
5. Paul Helliwell, Vice Chairman, Florida for Eisenhower
6. George H. Earle, former Governor of Pennsylvania.
7. J. W. Watson, Jr., City Manager, Miami
8. W. C. Herrell, Mayor of Miami Springs
9. H. E. Reynolds, Mayor of Miami Shores Village

(There will be several additional officials from surrounding towns, acceptances not yet received.)

CEREMONIES OTHER THAN INTRODUCTION TO TAKE PLACE AT EASTERN AIR LINES TERMINAL:

1. The Mayor of the City of Miami will present key to the City to the General.

2. Radio and TV coverage will be given to the greeting at the airport and the General will be asked to say a very few words on the microphone at the airport.

3. A delegation of four young men from central Florida (Orange County) will hand the General a badge of select Florida oranges.

The estimated time for this is seven (7) minutes. Thereafter, the motorcade drawn up on the ramp will begin, leaving the airport at 6:15 p.m. This has been approved by advance man, John Quinn, and Lou Kelly and Senator Seaton.

IN CORAL GABLES - At the intersection of Miracle Mile and Ponce de Leon Avenue, the General's car will halt for 30 seconds for him to shake hands with David Fairchild, old time friend of Eisenhower's, and extremely prominent resident (Democrat) in south Florida. Motorcade arrives at Roney-Plaza Hotel at 7:00 p.m.

Vice Mayor of Miami Beach, Burnett Roth, will present key to the City of Miami Beach to the General in ceremonies lasting one minute. Thereafter, hotel officials will usher General Eisenhower up to his suite.

TO BAY FRONT PARK

Rooms are assigned for entire party and press at the Roney-Plaza. Lou Kelly already has this information. The party will be free to enjoy refreshments and a buffet supper until 8:00 p.m. when the press and most of the official party will move out via the motorcade with police escort to the Bay Front Park bandshell, arriving there at 8:30.

General Eisenhower and police escort is not to leave the hotel until 8:30 p.m., arriving at bandshell at 8:50 p.m., where the General will remain back stage until 9:00 p.m.

Charles Crandon, distinguished and prominent old time Democrat will introduce General Eisenhower in speech of two minutes at 9:00 p.m. We expect the General to speak for not more than 25 to 30 minutes.

The speech will be broadcast 9:00 to 9:30 p.m. in an all-Florida radio network. We have arranged for contingent times if the speech runs over 9:30.

After the speech the General will be expected to shake hands with the party on the platform and several veterans who will be directly in front of the platform.

TO HOTEL

PRESS CONFERENCE

Thereafter, approximately 10:00 p.m., the General will return to his car and be driven back to the Roney-Plaza Hotel. There will be a conference for local press at the Roney-Plaza at 10:15 p.m. There will be a very small gathering of prominent Floridians to meet the General for a simple greeting at about 10:30 p.m.

TO AIRPORT

We are prepared to have the motorcade drive the party to the airport the following morning with a police escort to board the plane at 8:00 a.m.

PHASE 1

Reception at Train.

General Eisenhower and his party will leave New York, N.Y., at 10:40 A.M., D.S.T., on a Pennsylvania Railroad Special. The Special will arive in Philadelphia at the 30th Street Station at 12:15 P.M. General Eisenhower will be met by a reception committee of more than 500 persons.

The General should have had his lunch on the train before arrival. The station is one of the largest in the country and has quite adequate and suitable facilities for a large reception.

Most of the important Republican officials and their wives will be on the welcoming committee. A band will be present.

Reception committee will meet in reserved section at 30th St. Station where each member will be given an envelope containing:

1. Reception committee badges which will entitle him or her to a seat in the motor caravan and a reserved seat in Convention Hall.
2. Schedule of events
3. Car numbers
4. Letters to those appointed as members to escort General Eisenhower to platform at Hall.
5. Letters to General Eisenhower's party and speakers advising them that official cars with police escort will be provided for their use.

Badges, etc., will be given to members of General Eisenhower's party at the 30th Street Station, when they alight from the train.

PHASE 2

Caravan Parade

General and Mrs. Eisenhower will be escorted by Mr. Hamilton to an awaiting open car in the 29th Street driveway of the station and the caravan parade to Independence Hall will depart from the 30th Street Station at 12:40 P.M., the route being to Chestnut Street to Independence Hall. The caravan parade will be motorized, in the interest of time, and will consist of 200 or more automobiles. The cars will be appropriately decorated. The reception committee of more than 500 will escort General Eisenhower to Independence Hall, passing City Hall at 12:55 P.M. and arriving at Independence Hall at 1:10 P.M., traveling at a slow rate of speed.

This will be a ticker tape parade with large throngs on the street. Police will provide an escort on motorcycles and carrying flags.

PHASE 3

Independence Hall

The General will arrive at Independence Hall at 1:10 P.M. where a band will be stationed to greet him, and where a crowd will be awaiting his appearance. He will go into Independence Hall through the Chestnut Street door and into the rotunda where he will be met by the historian (Mr. Edward Riley) and officials of Independence Hall (including Mr. O'Brien) and will be taken directly to the Liberty Bell for a small ceremony, which is traditional for distinguished guests, of placing a hand on the Liberty Bell. (Picture will show him with right hand on bell) He will then be escorted to the room where the Declaration of Independence was signed, be given a brief description of what happened there and will then be escorted to the former court room where the Visitor's Register is located and will sign the Register. This has been done by all past Presidents of the United States and Presidential candidates. He will then be escorted to a small stand which has been erected in the Square and where a great many nearby office workers will be waiting to hear a few words of greetings along the general lines of how happy he is to be in Philadelphia and to visit this great shrine, the immortal Independence Hall. After a few brief words he will be escorted from the rostrum back through the rotunda of Independence Hall and move out with the caravan at 1:45 P.M.

The caravan parade will proceed to 5th Street, North on 5th Street to Market, west on Market to Broad Street. At 1224 Market Street the Citizens Committee for Eisenhower-Nixon has just recently opened a large public meeting place. It has been requested by this group that when the caravan parade goes by this building, that it momentarily pause while the General waves to the throng which will be assembled there in front of the Eisenhower headquarters.

The caravan parade will proceed north on Broad Street to the Broadwood Hotel, where the General will dismount and go directly to the meeting of the Republican State Committee of Pennsylvania. Virtually all of the members of the caravan will also dismount here because a great many of them are members of the State Committee or will be at the session.

PHASE 4

Meetings

The General will walk directly to the meeting of the Republican State Committee being held in the Broadwood Hotel. There the General will meet the officials of the Republican State Committee and briefly address them from the rostrum. (Those members of the caravan who are members of the Republican State Committee may remain in the Broadwood Hotel. The others may accompany the General upon his departure from the Republican State Committee Meeting for the Warwick Hotel.)

At the conclusion of the General's appearance and meeting with the Republican State Committee, which will be presided over by M. Harvey Taylor, Republican State Chairman, in the ballroom of the Broadwood Hotel, the General will go to the three other committee meetings which have been scheduled. About twenty minutes has been allowed for him at each of these three meetings, proceed with the greetings and then depart.

All of these meetings are in the Broadwood Hotel and he will not leave the hotel until he is ready to go to the Warwick Hotel where he will stay.

When he leaves the Republican State Committee meeting, in the Ballroom on the 4th floor of the hotel, he will go to the South Gold Room on the 5th Floor where the large representative committee of representatives of the Young Republican National Federation on a local, state, and national level will be assembled and await him.

At the conclusion of this meeting, he will proceed to the South Crystal Room on the 6th floor where the Pennsylvania Republican Finance Committee, with representatives on a local and state level will be assembled awaiting to greet him. At the conclusion of this meeting he will proceed down the corridor to the Blue Room, which is also on the 6th floor, where the representative committee of the Citizens for Eisenhower-Nixon will be assembled on a local, state and national level, waiting to greet him.

At the conclusion of this meeting he will proceed to the door of the Broadwood Hotel for departure in the escort motorcade to the Warwick Hotel.

PHASE 5

Private Suite, Warwick; Supper

The General will retire to private suite (1008) on the tenth floor of the Warwick Hotel. This will be the General's own time for his supper and for rest prior to making his speech. He will be there until 8:30 P. M. This suite has a very attractive living room, kitchen, bath and two bed rooms, and is the finest in the Hotel. It can be reserved only for special and distinguished guests. It is called the Presidential Suite. Mr. Summerfield and Governor Fine have suites on this same floor. Most of the General's party are also accommodated on this floor. (See Annex J)

PHASE 6

Trip to Convention Hall

At 8:30 P. M., the General will leave the Warwick Hotel for Convention Hall to make his speech. This trip will be made under police escort with a small escort committee. Mr. Deegan and Mr. Watson will head the escort committee because Mr. Hamilton will be at Convention Hall, in charge of the meeting which will get underway at 8:00 P. M.

(At 8:00 P. M. Mrs. Eisenhower will leave the Warwick with a Committee of women, and go to Convention Hall under police escort. She should make her entrance at 8:44 P. M. with an introduction by Mr. Hamilton. The same accommodations are available for her as for the General (See Phase 7) and the same procedure will be followed, with entrance from the wings.)

PHASE 7

Convention Hall

General Eisenhower and his personal party will arrive at Convention Hall at 8:45 P. M. and will be driven directly to the rear entrance, will dismount, with Eisenhower leading the way, and will proceed in the rear door and be escorted by a waiting committee to Room 205.

Room 205 will have been previously air-conditioned and set up as an appropriate reception room for the General for his occupancy until such time as he is ready for his appearance in Convention Hall.

General Eisenhower will remain there until ten minutes before 9:30 P. M. (D-10) at which time he will be escorted to the rear side of Convention Hall and the aisle will have been cleared.

Waiting for him in the rear (side) of Convention Hall will be a committee of Young Republicans and Women.

At precisely 9:30 (9:31) the Governor of Pennsylvania, who will be occupying the speakers' platform, will conclude his introductory remarks (on cue from T. V.) and say, in effect: "Ladies and Gentlemen, I give you the next President of the United States." At this cue Eisenhower starts into the Hall within clear range of the television cameras.

The entrance will take about one minute and, of course, there will be a demonstration from the crowd. Eisenhower will proceed to the steps leading to the stage, mount the stage, march to the prepared platform, where the Governor meets him, and then when the ovation subsides General Eisenhower will commence his speech. The Governor will then retire back to his seat on front stage.

PHASE 7

Convention Hall
(Cont.)

At the conclusion of the General's speech, Governor Fine, Chairman Hamilton, and Warburton, will proceed to the Speakers' stand to escort General Eisenhower to a position next to Mrs. Eisenhower (or Mrs. Eisenhower to the General). Chairman Hamilton, on the Speakers' platform will then say: "Fred Waring's Pennsylvanians will now lead us in the singing of the Star Spangled Banner. I will ask that you remain standing after the singing of the Star Spangled Banner until the benediction is given and General and Mrs. Eisenhower have been escorted from the stage."

The audience will sing the Star Spangled Banner with Fred Waring and his Pennsylvanians and will remain standing. Under the control of Mr. Hamilton, on the platform, Governor Fine, etc., will escort General and Mrs. Eisenhower from the stage, down the steps, and back to Room 205 where they will have an opportunity to either sit down and relax for a moment, or to get their wraps and depart under police escort for the hotel.

PHASE 8

Departure from Convention Hall

Under police escort, the cars of the escort committee for General Eisenhower will have been assembled at the rear door of Convention Hall under the same police. General and Mrs. Eisenhower will be driven back to their suite at the Warwick Hotel.

PHASE 9

Overnite Plans

Accommodations at the Warwick Hotel have been arranged for prompt and speedy serving of supper (before going to Convention Hall). They are prepared to serve both in the dining room and by room service, as requested. This will be on an individual or group basis, as desired, with full facilities available.

Note: Incoming baggage will be handled by the P. R. R. as set up by Mr. Kelly. Outgoing baggage by the United Air Lines, as set up by Mr. Swan. One movement on each.

PHASE 10

Departure from Philadelphia

Depart, Warwick Hotel, 8:00 A. M. by motorcade and committee for Philadelphia International Airport. Depart Philadelphia International Airport 8:45 A. M. via United Air Lines for Chicago.

To accompany: Governor Fine, Chairman Hamilton and a committee, Breakfast on plane.

ANNEX B

Tickets & Audience

Complete plans, coordinated by the general committee, call for the following:

Tickets have been printed (no reserved seats) and made available to the general public through all elements of the Republican Party and all Citizens for Eisenhower and Nixon groups, clubs and organizations.

The first floor (A tickets) is made available to visitors from outside Philadelphia, including all of Pennsylvania and adjacent States.

Both balconies (B tickets) have been made available to the Philadelphia Republican organization.

All tickets gain entrance by the main gate of Convention Hall. Flood lights and search lights will illuminate the Front entrance, play in the sky, and floodlight a captive blimp, which will be cabled in front of Convention Hall. A Band will be placed across the street from the Convention Hall doors and will provide music outside. An amplifying system will be installed to carry the message of the General to those unable to gain admittance to Convention Hall (overflow crowd). As the throng enters Convention Hall the following will be provided for them:

1. Fresh cut red roses (25,000)
2. Balloons (1000)
3. Noise makers (3000)
4. Literature (25,000)

5. Signs (350)
6. Flags (5000)
7. Lapel Pins (25,000)
8. Program (Win) (25,000)

The movement of the audience to their seats will be controlled by a corps of ushers wearing appropriate arm bands (200), gold printing on blue ribbon, legend: "USHER, Eisenhower in Philadelphia", consisting of a team of Young Republicans, one boy and one girl. The girls to wear their ribbon across their chest, and the boys to wear theirs around their arms, the girls to be appropriately uniformed in red, white, and blue uniforms with straw hats of the "I Like Ike" style used at the convention in Chicago.

ANNEX C

Auditorium Decorations

The main auditorium will be appropriately decorated in red, white, and blue bunting and shields, as per the submitted plan. The stage decorations will have an emphasis on flowers and floral green along the foot lights, and on each side of the stage there will be large sepia photographic blow-ups of Eisenhower and Nixon, with Eisenhower on the right. Above and around each photographic blow-up will be a bank of American flags and flowers.

On the stage front row will be seated the 20 participating distinguished guests, the front row seated on chrome chairs, to be provided by Mr. Panetta. These chairs will be numbered and specified with name cards on each chair for the occupant thereof. In the dead center of this Front stage (left) there will be twelve feet of dead space (TV). On the right center of the front row the Governor of Pennsylvania will be placed. On the left center of the front row Mr. Hamilton will be placed. Mrs. Eisenhower will be next to the Governor. On back stage 300 chairs will be placed for 300 distinguished guests, with distinguished guest overflow to be in front 500 seats, audience main floor.

Fred Waring and his Pennsylvanians will occupy the orchestra lift.

On each side of stage rear Mr. Panetta will furnish, by contract, side drapes on the stage. He will also furnish a rear drape, by contract, of blue velvet or velour.

The scenic arrangements on this back drop will be as follows: Top center a 12 x 6 foot sepia photo reproduction of the Declaration of Independence. Center will be a 10 x 5 foot sepia photographic outlined reproduction of Independence Hall. Directly below it and draped around it will be a cluster of large American flags, banked with flowers, etc. On each side will be nine foot sepia photographic reproductions of the Liberty Bell.

A red, white, and blue cut-out letter sign covering the full length of the stage will be hung at stage front bearing the legend: "All America will win with Eisenhower and Nixon."

Speakers Platform

The Speakers platform will be provided by the Kudner Agency, complete with teleprompter, at front stage center.

Immediately in front of the speaker will be a dead space of approximately 8 x 16 ft. for the use of still photographers to take speaking shots of General Eisenhower. There will be erected two raised platforms with steps in that dead space for the photographers to stand on to increase their elevation to make a near shoulder level head shot. The Platform will be moveable and placed in the orchestra lift.

Convention Hall

The press room will include filing facilities for traveling press, a minimum of 20 typewriters all in working order with clean, new ribbons on each. Plenty of press paper.

Western Union will have its men on hand to handle copy.

Press badges and credentials will be sufficient to get a correspondent permitted to move about at will.

Signs will be placed prominently directing the correspondents to the working press room. Facilities so far as paper, etc., will be duplicated here as well as in the hotel press headquarters.

A "Briefing officer" will be on duty at all times.

The press section at Convention Hall will be directly in front of the speaker's rostrum. This has been built in for 300. Mr. W. G. Cannon, Bell Telephone, will provide eight phone lines and 6 pay phones.

ANNEX D

Press

The press, provided with special credentials and special seat numbers, is expected to number about 300.

A special press section has been built on the floor of Convention Hall with chairs provided and desks built in on 24 inch planking. There will be 150 seats on each side of the Speakers' Platform with full press facilities provided. The press working room will be Room 206 at the rear of Convention Hall. This will also be occupied by Western Union with its teletype machines and typewriter keys. Of course, benches will be provided in this room.

The supplemental press working room and reception room will be on the next floor level up in Room 19. A committee will be in this room, which will have five typewriters provided, to guard the typewriters. The three rooms immediately above this room, third floor level, will be occupied by the wire photo units, which will wirephoto their pictures from Convention Hall. These Rooms are 20, 21 and 22.

Pressroom facilities will be available to radio, TV correspondents, and photographers on an equal basis at the Embassy Room in the Warwick Hotel.

WARWICK

A minimum of 20 typewriters (that work) will be installed on press tables in the working press room at the Warwick. Western Union will furnish press message paper. At least three telephones will be installed.

Western Union will have a press manager in the room at all times to file stories by the press group accompanying Eisenhower.

A single central press table will be established in a prominent place in the room. It will have on it, copies of Eisenhower's speech, biographical background.

This press room will be used to distribute credentials, ribbons and badges, etc., and as a place of relaxation for the press-radio-TV group. Buffet will be served in an adjoing room.

A detailed, logistical schedule of Ike's movements from the time he arrives in Philadelphia until he leaves, will be given each correspondent, in a "packet" of information, when he is given his credentials and badge.

ANNEX E

Special Rooms at Convention Hall

Rooms 1, 2 and 3 will be occupied by Fred Waring and his orchestra with facilities provided for them to hang up their clothes, etc.

Rooms 17, 18, 19 working press rooms

Room 206, Western Union room

Rooms 20, 21, 22 INP, U. P.

Room 205 - General and Mrs. Eisenhower

ANNEX F

Ushers and Control

200 ushers will be provided under the direct supervision of the Young Republican National Federation, and will consist of 100 teams of one young man and one young woman.

The girls will be uniformed in appropriate red, white and blue costumes, and both boys and girls will wear straw hats with "I Like Ike" stickers such as were used at the convention in Chicago. Their responsibility will be to be stationed at the several main entrances on the main floor and balcony, and they will be rehearsed in brief prior to the meeting. They will be provided with appropriate blue ribbons, boys to wear them on arms and girls to wear them across chest.

They will also serve as door tenders, admitting those who have tickets, without bothering to pick up the tickets, and have tickets in their pockets to provide those who came without tickets.

At 9:20 P. M., 50 couples will line up along the route of the General's entrance to the stage to provide a background for General Eisenhower's entrance. Mr. Warburton and Miss Arth will escort General Eisenhower to the rostrum with one uniformed police leading the way, escort committee to follow.

ANNEX G

Parade Control

The caravan committee will be in charge of parade control and will assign one man to each five cars in the line of the parade to have responsibility for the prompt operation of the parade caravan and for the occupants of the five cars under their control.

This will be carefully controlled by this committee. Appropriate decorations will be provided for the cars. They will maintain laison with police through Deputy Commissioner Herbert Kitchenman.

Check list of occupants will be provided by Miss Carrow on basis of acceptance, Thursday, 9 A. M. to Committee.

SCHEDULE OF ARRANGEMENTS

FOR VISIT TO MINNESOTA

OF

GENERAL DWIGHT D. EISENHOWER

REPUBLICAN CANDIDATE

FOR

PRESIDENT OF THE UNITED STATES

Saturday, September 6, 1952

MOTORCADE

Cars in the motorcade, arranged for by the Olmsted county GOP committee, will assemble at the Waters-Conley plant by 9:15 p.m. They will then proceed to the south entrance to the Kahler Hotel, where they will pick up the reception committee. At that point vacant seats can be filled by newsmen who happen to be at the Kahler. Departure from the Kahler is scheduled for 9:30.

The motorcade will proceed to the airport and enter the fenced area through the gate north of hangar No. 2. Only cars bearing special numbers and passengers with plastic name-tags or those with press credentials will be permitted inside the enclosed area. The cars will be parked in a line along the westerly fence, so arranged that they will be heading south ready for departure. Passengers can alight and go into hangar No. 1 to wait.

Upon departure the motorcade will proceed over a patrolled route including the so-called Mayowood and Salem roads. Pace of travel will be set by the lead car. It will vary with variations in road conditions.

Upon arrival at the Snow farm, cars will enter an exclusive parking area just south of the Snow house. They will remain parked there until departure.

The same return route will be followed with the motorcade entering Rochester on South Broadway and proceeding to First St. S. W. for unloading at the south entrance to the Kahler. The cars will return to the Waters-Conley Co. until 4:15, when they will reload at the Kahler and proceed to the auditorium. There they will form for procession through the business district to St. Mary's hospital and thence to the airport.

LINE OF PROCESSION

Whenever the motorcade is in procession, the following order shall prevail:

Car 1--Security, including BCA Agent Bennyhoff
Car 2--Photo truck
Car 3--Gen. Eisenhower, Gov. Anderson, Mrs. Heffelfinger, Mrs. Etzell
Car 4--Press Wire Services
Car 5--Security, including BCA Agent Reiter
Car 6--Sen. Thye, Cong. Andresen, Mrs. Howard P. K. Peterson
Car 7--Cong. O'Hara, Judd, Anderson, Hagen
Car 8--Treasurer, Auditor, Sec of State, Atty. Gen.
Car 9--Sen. Andersen, Messrs. Mintener, Bullis and Dickey
Car 10-Rep. Dunn, J. S. Jones, Mr. Carnes, Mr. Moscrip
Car 11-Messrs. Olson, Brandt, Clark, Nelsen
Car 12-Messrs. Wiger, Flueck, Pearson, Wilson
Car 13-Duane Lund, Jan Streissguth, and as many as necessary--general's staff, to be followed by cars with newsmen, then cars of committeemen for the day.

Cars will remain in order according to the number cards they bear. The only passengers are those with blue committee ribbons, plastic name-tags, or press credentials.

SCHEDULE FOR THE DAY

9:30--Reception committee assembled at Kahler Hotel cafe to receive identification badges and depart in motorcade for airport.

9:45--Press plane arrives.

10:00--Eisenhower plane arrives. Reception committee moves toward plane, then, as the general goes to hangar No. 1 for a press conference, reception committee gets into cars.

10:10--Press conference begins in hangar No. 1:

10:30--Motorcade leaves for Plowville

11:00--Motorcade arrives at Snow farm with parking in the Snow yard. At this point the reception committee will disperse until 2:00, when it will re-assemble in the Snow yard. The General will greet the Snow family, then proceed on a farm wagon to the headquarters area. There he will meet farm dignitaries and platform guests and will retire to the headquarters tent to await the noon program. Meanwhile a platform program will have begun at 11:30 with welcome by Gov. Anderson, introduction of dignitaries, etc.

12:00--Gov. Anderson introduces the General in 60 to 90 seconds. General's talk broadcast nationwide. In case of inclement weather, a huge beach umbrella has been provided.

12:30--General concludes broadcast and leaves platform to move by foot to the Snow home a couple of blocks away.

1:00--General has chicken dinner at Snow home.

1:30--General leaves Snow home for tour to see conservation practice demonstrations and visit neighboring farms.

2:00--Motorcade reforms and reloads for 2:15 departure from the Snow yard.

SCHEDULE--Continued

2:45--Reception for state central committee of Republican party begins in Kahler Hotel dining room. Admission is by ticket only. Mmes. Heffelfinger and ~~[illegible]~~ Howard and Messrs. Etzell and Peterson will be in charge. The general will enter at 3:15 and depart at 3:45. Coffee and snacks will be served.

3:45--General and as many members of his party as are necessary will get into cars at south entrance to Kahler for four-block ride to Mayo Civic auditorium.

4:00--Rural press conference opens in North Hall of Mayo Civic auditorium. This will be attended by rural weekly and daily newspaper representatives of Minnesota. Admission is by Minnesota Editorial Assn. card or other press credentials.

4:15--Minnesota Write-In Rally opens in arena of Mayo Civic auditorium. Program is in charge of Arthur Swan, Rochester, Eisenhower volunteer.

~~4:15--Motorcade returns to Kahler to reload and proceed to auditorium.~~

4:40--General enters arena to be introduced by Bradshaw Mintener, chairman of Eisenhower Write-In Volunteers in Minnesota. After brief remarks the general will retire.

4:45--Motorcade forms for procession at Mayo auditorium. Departs at 5:00 with general aboard, proceeds through Rochester business district to St. Mary's Hospital.

5:10--General visits son of Snows who is a polio patient at St. Mary's, as well as Richard Madden, Rochester, and Robert Vanderveer, Michigan athlete, who are in iron lungs.

5:25--Motorcade leaves St. Mary's, proceeding on Second St. S.W. to Belt Line highway, then left to airport.

5:30--Arrival at airport for take-off.

RECEPTION COMMITTEE

Members of the reception committee have been notified to assemble in the cafe of the Kahler Hotel at 9:30 a.m. There they will be presented with identification badges. At 9:35 they will step outside on First St. S.W. to get into assigned cars in a motorcade which will proceed to the airport.

ARRIVAL AND RECEPTION

It is understood that the general and his party will arrive in three planes. A plane carrying the traveling press will arrive about 9:45 at the Rochester airport. The general's staff will land at 10:00.

The official reception committee, which will have arrived in the enclosed area at the airport about 9:45, will approach the general's plane upon landing. Gov. C. Elmer Anderson, chairman of the committee, will proceed to meet the general as he alights. He will then take him to the waiting line of reception committee members.

Meanwhile the traveling newsmen and staff members will proceed to the assigned cars parked in the enclosed area. The general will be taken to a portion of a nearby hangar set aside for a press conference scheduled to begin at 10:10 and continue until 10:25. During this period the members of the reception committee will get into the cars assigned to them.

Upon completing the press conference, the general will go to his car. The motorcade will proceed out of the enclosed area and through a route which will take him through the countryside to Plowville, where he is scheduled to arrive at 11:00 o'clock.

EISENHOWER HEADQUARTERS

FOR RELEASE IN
AFTERNOON PAPERS OF
SATURDAY, SEPT. 6, 1952

TEXT OF THE ADDRESS BY DWIGHT D. EISENHOWER,
REPUBLICAN NOMINEE FOR PRESIDENT, DELIVERED
AT THE NATIONAL PLOWING CONTEST, KASSON, MINN.
AND BROADCAST OVER THE NATIONWIDE NETWORK OF
THE NATIONAL BROADCASTING COMPANY AND THE
AMERICAN BROADCASTING COMPANY FROM 12:00 TO
12:30 P.M., SATURDAY AFTERNOON, SEPT. 6, 1952

I am grateful for this opportunity of meeting with you in this great farming region. I am grateful because of the clear knowledge, gained in my early years and confirmed many times over by what I have seen in the world, that man draws his essential strength from the land. There man lives close to the Creator's handiwork and there spiritual values in full measure enrich life.

~~What we are seeing here today is proof that a highly industrialized nation can retain its love of the land. We are seeing, too, that today's farmer has the science, skill and determination to assure our nation a productive future.~~

I have come to this heart-warming grassroots scene to outline one major part of a sound farm program. But I come here without the idea that the farmer is interested solely in his own affairs. I come to you as one citizen to another — each of us equally concerned with the future of our United States.

The supreme question before all of us today is that of peace. It is the question that grips the hearts of parents in every home. It is the question: What is going to happen to our boys? Will our boys be here to help us carry on? Or, will they be called to fight on some distant battlefield?

I know how ~~[illegible]~~ haunting is the thought of war to every father, mother and young person in free America. But none of us must ever abandon the hope and the conviction that we can lift from our country the threat of war. We owe it to ourselves and our children to give them the chance to remain here on these fertile, peaceful lands, to establish families of their own — and not to be sacrificed to stupid blunders in world politics.

For myself, no matter what my future private or official status, I shall never cease working for a real, a lasting peace.

But, to achieve that peace we first must have sound plans for it. We must have leadership which inspires confidence. ~~[illegible] said before and will say many times again~~, there is ~~just~~ one sure ~~[illegible]~~ essential ~~toward~~ for peace: A strong, secure, solvent United States that can and will cooperate effectively with other friendly nations to establish and maintain peace and freedom.

Building that kind of a United States is our first job. And a productive, prosperous agriculture is a foundation stone of that structure.

Now, in discussing one phase of a farm program with you, I am not going to pretend to be a farmer. My farm activities belonged to the day of the Percheron and the mule; the walking plow and the wheat binder; the travelling thresher and husking corn by hand. Things have changed.

But, I still get up with the chickens!

From those early experiences I gained an enduring belief that independence is something to be prized fiercely as man's most precious possession . . . and that cooperation between free men is the force that solves problems too great for the individual. ~~I learned in my home and on the land that independence is faith in yourself. I also learned that cooperation is faith in your fellow man. The farmers I knew in those days expressed this creed in the words: "I want to be my own boss." When a man's barn burned down, the neighbors gathered to help him rebuild it. So they lived both in independence and in cooperation.~~

(more)

I know that since those simple, self-sufficient days farming has undergone an amazing revolution. In the fields where I once shocked wheat behind a horse-drawn binder, the harvest is now a one-man job with a self-propelled combine.

OK

But to me, the most significant fact of the revolution on the land is that the essential character of our agriculture has not changed. The family farm is still the mainstay. The farmer still wants to be his own boss.

And I'm for that.

We all know that this huge modern agriculture of ours has problems. One of them is the hard economic fact that we sometimes produce more than we can sell at fair prices on the domestic and foreign markets. And I don't have to tell you that unprofitable prices not only threaten the security of our farms but also sap the prosperity and strength of our nation.

It's a fact, too, that our farm economy is especially vulnerable to the forces of changing world conditions and to inflation and deflation. You know what it means to have your hold on your land and your home threatened by these forces.

These ~~[illegible]~~ problems ~~[illegible]~~ can be solved only by people who are independent, people who carry on the spirit of cooperation.

As a foundation for the security of our agriculture and the nation we must ~~[illegible]~~ achieve a prosperity that is not based on expenditures for war.

During the past thirty years, we have fashioned special plans for the protection of agriculture. Many sincere men — dirt farmers, farm organization leaders, and legislators — put much thought into programs to assure farmers of reasonable stability of prices. These programs were brought into being by Congress on a non-partisan basis. They have been improved from time to time on a non-partisan basis. Most of these agricultural laws are based on the sound principle that the government should aid farmers to aid themselves. Farmers themselves were supposed to have much to say about the management of these programs.

But what happened? Do you have a voice that carries weight with the Washington agricultural autocrats?

Or should I say "Agricrats"?

Do they listen to you? Do they welcome your farm organization leaders in their councils?

You know they don't.

You've seen them grow cynical and arrogant. They've just been in power too long — far too long. Systematically they have tried to use the vast powers of the Federal Government to make the farmer a political captive.

You don't have to look far for evidence. The case is now perfectly clear in the grain storage hoax of 1948. It is a story of perversion of government responsibilities and powers — a story of a giant Federal farm agency, backed by the people's dollars, deliberately driving down the price of grain to instill fear in the minds of farmers.

(more)

It is a story of a government agency spreading panic — using press, radio and sppeches to paint a picture . . . a false picture . . . of the lack of storage space for grain.

You were told at Dexter, Iowa, ~~on Sept~~ [illegible] in 1948, that the 80th Congress had prevented the administration from providing storage bins for farmers. You were further told that this would make it impossible for many of you to get price support loans.

The facts are now well known —and here they are:

1. The 80th Congress did NOT prevent the Commodity Credit corporation from furnishing storage to farmers for their grain.

2. There was no shortage of storage space.

3. Contrary to the ~~[illegible]~~ implication, the Commodity Credit Corporation never has furnished storage to farmers. It hadn't before and it hasn't since.

4. The Commodity Credit Corporation was selling its own grain bins as surplus at the very moment the Democrat candidate accused the Republicans of having "stuck a pitchfork in the farmer's back."

Now, who actually stuck that pitchfork in your back? It was none other than the Democrat administration itself!

And now the Agricrats are trying to set the stage for a repeat performance. ~~This time they are conducting a nationwide, farm-by-farm so-called "educational" campaign to "explain" the well-known commodity loans to farmers. But the fact is that much of this propaganda campaign is designed to make you think these loans have a Democrat price tag.~~

~~However, these all-wise bureaucrats have plans far more sinister than these schemes to influence your vote with government money.~~ Fear is being broadcast by the administration and its phoney front organizations. They are trying to scare you into voting, not as your conscience dictates, but as they want you to vote. They are telling you, "The Republicans will pull the rug out from under you."

I have an answer to the false propaganda now gushing out of Washington and Chicago.

That answer is — bunk! Just bunk!

If you want to know where I stand on this question, I will tell you right now.

I pledge you that the Republican party is going forward with positive, aggressive, farmer-run farm programs.

The first thing we intend to do is to take the emphasis off of Washington. The American farmer has had enough of government by long distance.

Next, there's going to be a spring house-cleaning of the unscrupulous leadership that would use farm programs for political purposes. There will be no more of this business of using federal power to extort the farmers' vote.

(more)

And here and now, without any "ifs" or "buts", I say to you that I stand behind - and the Republican party stands behind - the price support laws now on the books. This includes the amendment to the basic farm act, passed by votes of both parties in Congress, to continue through 1954 the price supports on basic commodities at 90% of parity.

These price supports are only fair to the farmer to underwrite the exceptional risk he is now taking. They are a moral and legal commitment which must be upheld.

We now have at least two years in which to plan ahead. We must use this valuable time to ~~figure out~~ develop sound means and methods of maintaining and expanding, both security and opportunities in agriculture. We must mobilize all of the brains in agriculture - farmers, your farm organization leaders, your farm-wise legislators, your agricultural specialists and research workers - to join with us to build and improve our long range farm policies and programs.

Our goal will be sound, farmer-run programs that safeguard agriculture - but do not regiment you, do not put the Federal government in charge of your farms. We must, by using good old-fashioned horse sense, figure out sound methods of maintaining agriculture's freedom to shift patterns of production without losing the basic protections to which agriculture is entitled. We must realize that no formula developed at any particular time is infallible for all time. Conditions change. What counts is being prepared to do the right thing at the right time. To do this, we'll use the wisdom of farmers.

I firmly believe that agriculture is entitled to a fair, full share of the national income and it must be a policy of government to help agriculture achieve this goal in ways that minimize government control and protect farmers' independence. All I know of farmers convinces me that they would rather earn their fair share than to have it as a government hand-out.

And a fair share is not merely 90% of parity - but full parity.

But it takes more than price supports to build a farm program. The administration, tired and incompetent, is trying to distract your attention from its many fumbles, failures and deceptions. The administration wants you to forget its neglect of research and education at the expense of political monstrosities such as the Brannan Plan; its great potato fiasco which cost hundreds of millions; the grain storage scandals; and the immorality of using federal resources to influence your vote.

The future of an independent, dynamic agriculture depends on cleaning up the mess in Washington and getting farm programs back on a non-political, cooperative basis. We must not let programs devised for farmers be turned against farmers.

I certainly don't believe farming is going to stand still. I see an expanding future for American agriculture - and I'm sure you you folks do too. With our growing population, our expanding industry, and our leadership in the free world, our farms will have a tremendous job to do. And to serve that future, working together as friends and neighbors, we can do much to improve and strengthen our farm programs.

more

First, they must be cleansed of politics. An effective way to do this is found in the Republican platform: The establishment of a bi-partisan agricultural commission with power to review the policies and administration of our farm programs. The Republicans will establish such a commission, and will see that it is made up of bonafide farmers and farm leaders. That is a personal pledge!

Second, the programs must be transformed into genuinely farmer-run operations, with maximum responsibility decentralized to states, counties and districts.

Third, these programs must be better adapted to regional, state and local conditions.

Fourth, we must find sound methods of obtaining greater protection for our diversified farms, our producers of perishable foods. They yield the rich variety of meat, milk, eggs, fruits and vegetables that support our nutritious national diet. As provided in the Republican platform, the nonperishable crops so important to the diversified farmer — crops such as oats, barley, rye and soybeans — should be given the same protection as available to the major cash crops.

The Democrat planners have made the diversified farmer the forgotten man of agriculture. They keep saying, "There is no way of protecting perishables except through the Brannan Plan." But we can and will find a sound way to do the job without indulging in the moral bankruptcy of the Brannan Plan.

We must realize, too, that the economic programs I have discussed are but one part of our farm program. We will be equally concerned with conservation and wise use of our soil, water and forest resources. We must give high priority to the expansion of farm research — particularly research that is the key to wider markets — better packaging, preservation and more efficient distribution of farm products. We must always be concerned with strengthening farmer cooperatives, which have done so much to build this progressive farming area; with up-to-date farm to market roads; with developing rural electrification and telephone service. We must also be concerned with our human resources. We must see to it that every farm child has the best educational opportunities. We must be concerned with all the things that aid in building a sound America by building a sound American agriculture. These things I will discuss later.

?

I give you now this positive assurance. The Republican party will use ~~all the power it~~ every legitimate~~ly can use~~ means to see that American farmers obtain their full share of the income produced by a stable, prosperous country. ~~We will do this no matter what changes the future may bring, in ways that protect the independence of the farmer and all other citizens.~~ We will do it in cooperation with farm people themselves, with out seeking to make them fearful and without seeking to make them the tools of a political party.

?

We will set about this great task in faith, not fear — faith in America and our agricultural community, faith that we can meet the challenge of changing times, faith that nothing is impossible for a determined united people.

?

It is ~~that~~ faith, rooted in deep religious convictions, which in every generation has moved America boldly forward. It is by that faith that today's Americans will build a more just, a more humane and a more securely prosperous land. It is by that same faith that America will work unceasingly in the service of peace and freedom throughout the world.

WEDNESDAY
September 10th

TIME	PLACE	EVENT
7:15 A.M.	Claypool Hotel	Depart
8:00 A.M.	Indianapolis Airport	TWA (Dest. New York)

General Eisenhower and his party will arrive at the Indianapolis Weir-Cook Airport, Tuesday morning at 10:30 A.M., September 9, 1952. He will be met by a reception committee headed by Mayor Alex Clark of Indianapolis, who is also Marion County Republican Chairman. This committee includes Senator William E. Jenner, George N. Craig, Republican nominee for Governor; Congressman Charles A. Halleck; Congressman Charles B. Brownson, from the 11th District; Cale J. Holder, Republican State Chairman; and Robert A. Grant, Chairman Indiana Committee for Eisenhower and now Assistant Republican State Chairman; together with other prominent Republican Officials and Leaders.

The party will enter a caravan of automobiles for the drive to downtown Indianapolis. The first car will be the official car of Mayor Clark, driven by his uniformed policeman. The rear seat will be occupied by General Eisenhower, Senator Jenner, and George N. Craig, Republican nominee for Governor.

The caravan will proceed at a slow rate of speed over a route laid out by Mayor Clark and policed by the Indianapolis City Police, assisted by the Indiana State Police and Dan W. Smith, Sheriff of Marion County. The most direct route to downtown Indianapolis measures approximately 7 miles. The route which has been laid out for this auto caravan measures approximately 8 miles, which takes it through a more densely populated section of the city, and around the Circle in the heart of the city.

The caravan is due to arrive at the Claypool Hotel at 11:30 A.M.

Because of the large crowd anticipated at the arrival at the Claypool Hotel, it is our recommendation that the General, escorted by Mayor Clark, walk directly across the street to the Lincoln Hotel to visit a scheduled meeting of the Indiana Republican United Finance Committee. This meeting is to be held in the Lincoln Room on the 14th floor of the Lincoln Hotel. The Chairman of the Indiana Republican United Finance Committee is William A. Atkins, and the Assistant Chairman is Willis E. Kuhn. It is intended that the General should meet and greet the members of the United Finance Committee and their guests.

At 12 NOON the General will walk back across the street to the Claypool Hotel, escorted by Mr. Willis E. Kuhn.

At the Washington Street entrance of the Claypool Hotel, the General will be met by Mr. Byron Karr, Manager of the Claypool Hotel, who will escort the General to his Suite. The General will be quartered in Suite 486, known as the Presidential Suite. Other members of his party will have rooms nearby on the 4th floor.

All members of the Press will be assigned rooms in the Claypool Hotel on the other floors.

LUNCHEON

At 12:30 P.M. the General will be escorted from his Suite by Stephen C. Noland, Secretary of the Indiana Republican Editorial Association and Eugene C. Pulliam, Publisher, Indianapolis Star and News, to a Luncheon of the Editorial Association on the mezzanine floor of the Claypool Hotel. The General will join approximately 20 others who will comprise the Speakers Table. The group will assembly in Parlor B, and there form a line and proceed to the Speakers Table in the order assigned. Presiding at the luncheon will be Mr. Dow Richardson (Editor of the Kokomo Tribune) First Vice-President of the Editorial Association.

Following the lunch there will be brief remarks by Senator Jenner, Congressman William G. Bray, and George N. Craig, Republican nominee for Governor. Mr. Craig will then introduce General Eisenhower who will speak briefly. (This luncheon is a regular meeting of the semi-annual sessions of the Indiana Republican Editorial Association. This year marks the 75th anniversary of this association. It is certainly one of the most vigorous and one of the most effective groups of Republican Editors in the country."

Among those present at the Luncheon will be:

Editors and their wives	200
All Indiana County Chairmen and Women	200
Invited guest of editors	450
State Committee and candidates	50
Press	150
	1,050

At 1:40 P.M. the Luncheon should be adjourned and the General will return to his quarters in Suite 486.

At 2:00 P.M., escorted by Robert A. Grant, General Chairman of "IKE DAY" and Congressman Charles B. Brownson of Indianapolis, the General will join a motor caravan awaiting at the Main Illinois Street Entrance of the Claypool Hotel. The schedule is for a one and one-half hour tour of the city under the direction of Mayor Clark. The General will occupy the lead car immediately following the Police Escort. Other occupants of the car will be same as the trip in from the Airport. They are: Senator Jenner, George N. Craig and Mayor Clark.

The caravan will stop at Eli Lilly and Company, 740 South Alabama Street for an inspection of the Blood Plasma Bank and Laboratory, operated under the supervision of the U. S. Government. Regulations governing the operation of the Laboratory will only permit the admission of a limited number of the party. It would, of course, be most appropriate if the General would see fit to make some comment on this occasion on the importance of this work and the great need for blood donors over the country.

The next stop will be at a voters registration booth. Under Indiana Law, the city of Indianapolis sets up branch registration offices in the various wards of the city on designated days. The registration office is manned by Registration Officials of both parties. Voter registration on this day will be under way in the 18th Ward. The Mayor will present the General to the registration Board on duty there. The General will probably want to make some comment on the importance of every citizen registering and voting on November 4th.

The next and final stop will be at the newly established Headquarters of the Marion County Republican Central Committee, (of which Mayor Alex Clark is Chairman). It is planned that the General would cut a ribbon, formally opening this Republican Headquarters and perhaps make a few remarks to the party workers there assembled. Mayor Clark will preside at this stop.

Following this event the caravan will return to the Claypool Hotel. We are scheduled to arrive here at 3:30 P.M.

Mrs. Katherine Howard, member of the Republican National Committee; Mrs. Mabel S. Fraser, Indiana Republican Vice-Chairman; and Mrs. Betty Littlejohn, Assistant Vice-Chairman will at this time be holding a small meeting of Republican Women Leaders in the Florentine Room, on the mezzanine floor of the Claypool Hotel. If time will permit, it is hoped that the General would stop in for a brief moment at this meeting.

The General will then return to his Suite for any private conference he might choose, for rest and dinner until he leaves the hotel at 8:15 P.M. for the evening meeting.

At 8:15 P.M. Escorted by Robert A. Grant, General Chairman "IKE DAY" the General will leave the Claypool Hotel, Illinois Street entrance for the Butler Field House to make his speech. This trip will be made under police escort with a small escort committee. The General's party will stop at Gate 6 and be met by an escort committee composed of Cale Holder and Robert A. Grant, who will usher the General and his party into the Hall and to the Speakers Stand.

There will of course be a demonstration from the crowd. As soon as order can be obtained, the Chorus of 1500 Women voices (Members of the Home Economics Clubs from over the State, will sing under the direction of Albert P. Stewart, Director of Music, Purdue University.

At exactly 9:00 P.M. Senator William E. Jenner who will be occupying the Speakers platform, will make a one minute speech introducing General Eisenhower.

U pon conclusion of General Eisenhower's speech, Chairman Riddick, Senator Jenner, Congressman Charles Halleck and George N. Craig will escort General Eisenhower to the Northeast corner, rear exit, where cars will be waiting for the return trip to the Claypool Hotel.

As a precaution, we have obtained permission to use the adjoining Butler Bowl to accommodate any overflow crowd. Public address system will be installed so that these people may hear the speech. A portable microphone will be on hand in case the General might want to use it to speak to any persons who couldnot get into the Field House.

Under police escort, the cars of the escort committee for General Eisenhower will have been assembled at the rear door of the Northeast exit of the Field House, and with the same police, the General and his party will be driven back to their quarters at the Claypool Hotel.

Arrival at the Hotel approximately 10:15 P. M.

Lou Kelly's press office, room 420 Claypool Hotel
Herbert Hill's press office, Assembly Room, 8th. Floor

The press, provided with special credentials, is expected to number 200. The out-of-state press have credentials from Mr. Haggerty. Indiana press will receive credentials from Herbert Hill, Press Officer and Secretary of the Republican State Committee.

There will be a press and radio lounge located in the Assembly Room on the 8th floor of the Claypool Hotel. It will be equipped with working tables, telephone and Western Union messenger service. Background information will be available in the Lounge. Herb Hill in charge.

LUNCHEON 12:15 P.M. RILEY ROOM CLAYPOOL HOTEL

Luncheon tickets will be distributed to the out-of-state press by Mr. Haggerty and to the Indiana press by Herbert Hill.

Tables have been reserved for the working press in the North end of the Riley Room, Claypool Hotel, on the mezzanine floor, where General Eisenhower will speak.

There is an exit from the north end of the Riley Room next to the press tables.

The Luncheon is being given by the Indiana Republican Editorial Association on its 75th Anniversary. Mr. Dow Richardson (Editor Kokomo Tribune) Speaker.

BUTLER FIELD HOUSE

A special press section is provided on the floor of the Butler Field House. It is equally divided to the right and left of the Speakers Platform. The section will be equipped with working tables and individual chairs, none reserved.

An open space, or "well" is in front of the Speakers Platform, separated from the front row seats of the audience, for use of the photographers.

Western Union service will be available in the press section. Robert Barrow and Charles Brown in charge.

BUTLER FIELD HOUSE DECORATIONS

The Field House will be appropriately decorated with flags and bunting and ample lighting.

The central theme of the decorations will be a mammoth(16 ft x 20 ft) blown up photograph of General Eisenhower. This photo will be on the north wall, above and behind the Speakers Platform.

The stage will have two rows of chairs, 36 in a row, plus a small projection jutting out forward from the center, with seats for the five people who will participate in the program. They are: General Eisenhower, Senator Jenner, Congressman Charles A. Halleck, Mr. George N. Craig, Nominee for Governor, and Mr. Paul M. Riddick, President of the Editorial Association and Chairman of the meeting.

All platfrom chairs will be numbered and specified with name cards on each ir for the occupant.

In the balcony, immediately behind and above the stage will be located ofessional union Band of 25 pieces.

A good portion of the west balcony will be occupied by the 1500 Home Economics Club members Choir, under the direction of Albert P. Stewart, Musical Director of Purdue University. This chorus just returned from a highly essful appearance at the Canadian National Exhibition in Toronto, Can.

With exception of Speakers Platform there are no reserved seats in the Field House. All seats are open to the public and no tickets of admission are required.

Arthur E. Summerfield, Republican National Chairman, announced today that Dwight D. Eisenhower will begin his first major campaign train swing on Monday, September 15, making at least eight principal appearances and seventy rear-platform appearances in twelve states.

The eleven day trip which ends September 26th. will cover Indiana, Illinois, Minnesota, Iowa, Nebraska, Missouri, Kentucky, Ohio, West Virginia, Maryland, North Carolina, and Virginia.

The Republican Presidential Nominee will leave the train on the afternoon of September 16th. after a speech in St. Paul, and fly back to New York City to deliver an address before the American Federation of Labor the following day. Later the same day he will rejoin his train at Davenport, Iowa.

In addition to the speech before the A F of L, principal appearances have been scheduled for Omaha, Kansas City, St. Louis, Cincinnatti, Cleveland, Wheeling and Baltimore.

Mr. Summerfield said:

> "On this trip, Dwight D. Eisenhower will place before the public in unmistakably clear terms, the critical mishandling of our government by the Truman administration which, for reasons of self-perpetuation, is daily directing every phase of the campaign of its hand-picked candidates."

So far, General Eisenhower has scheduled only three major addresses. They are his opening campaign speech at Philadelphia, Thursday night, ~~Septembe~~ on foreign policy; the National Plowing Matches near Kasson, Minn., on Saturday, September 6th. on agricultural policy; and in Indianapolis, Indiana, on Tuesday, September 9th. where he will outline the principal issues of the campaign.

EISENHOWER HEADQUARTERS

SCHEDULE OF DWIGHT D. EISENHOWER

MONDAY, SEPTEMBER 15 **SOUTH BEND, INDIANA**

The train will be met by a reception committee headed by MAYOR JOHN SCOTT, Marine Veteran World War 11, with a distinguished record of combat service in the Pacific. The reception committee will include members of the Executive Committee, Citizens for Eisenhower group members and Young Republicans. There will be no hand shaking.

The Caravan in which General and Mrs. Eisenhower will ride will be parked in close proximity to the rear platform, enabling the General to step off the train and get directly into the car.

Out of consideration for the General, a closed car will be available for him and Mrs. Eisenhower with an open convertible also to be on hand in case he prefers it. Cars may be exchanged with security officers at the General's pleasure.

Lineup of cars in Caravan will be in accordance with standard operating procedure for Eisenhower advance team. There will be three buses for the press.

Train will arrive 10:30 A.M. CST September 15 with last car to be spotted at Ewing Avenue Crossing which is 23 blocks south of center of city.

The automobile Caravan will form there, procede east two blocks along Ewing Street to Michigan Street, which is also US Highway 31. It will turn north, or to the left, on Michigan Street, which is the street dividing East and West South Bend.

Caravan moves north on Michigan Street 33 blocks. Immediately after crossing over St. Joseph Bridge, the Caravan will turn right and procede east on Howard Street 8 blocks to Notre Dame Avenue.

At Notre Dame Avenue, Caravan turns left and procedes north on Notre Dame Avenue approximately ½ miles to the campus of Notre Dame University.

The Caravan will follow a route through the campus marked out by University authorities and South Bend police to the Administration Building, an older building on the campus which is topped by a gold dome.

Party will disembark at the front of the Administration Building, procede up one flight of steps, enter the main floor of the building and turn immediately to the left to a large parlour.

Here General Eisenhower will be welcomed by Notre Dame officials, headed by FATHER JOHN H. MURPHY, C.S.C., Vice President of the University. The Reverend Father THEODORE M. HESBURGH, C.S.C., has expressed regrets over his inability to be present. Father Hesburgh will be out of town to attend the funeral services for a member of the University Board of Trustees.

Local Committee Chairman, TOM BATH, anticipates arrival at Notre Dame at 10:55 AM CST. It is planned that 15 minutes be spent in meeting Father Murphy and the members of his official family, together with Lay members of the Board of Trustees from the South Bend area. These include BERNARD J. VOLL, President of Sibley Machine and Foundery Corporation of South Bend, wh o is Chairman of the Board of Lay Trustees, and HAROLD S. VANCE, Chairman of the Board and President of the Studebaker Corporation, who has been exceedingly helpful to the Director of Arrangements, ROBERT A. GRANT, in the Eisenhower Day plans and particularly in making the arrangements for the Notre Dame visitation.

Members of the University Advisory Committee to be in the welcoming group will include: JUDSON S. SAYRE, General Manager of Bendix Home Appliances, Manufacturers of Bendix Washers in South Bend, and CHARLES BEARDSLEY, President of Miles Laboratories, Inc., of Elkhart, Indiana, manufacturers of Alka Seltzer. Mr. Beardsley will have with him his nephew, WALTER R. BEARDSLEY of the same Company, who was also a Delegate to the 1952 Republican National Convention. In addition, the Commanding Officers of the several ROTC units on the Campus will be on hand.

It is suggested that no more than 15 minutes be spent inside the parlour. The people of Notre Dame are aware of the rigid schedule and will be most happy to have the General as their guest even though only for this brief period of time.

Party will re-enter the vehicles and procede about 2 blocks west on the campus to the Rockne Memorial Building. Main entrance of this building faces east. There the General will be welcomed by Head Football Coach, FRANK LEAHY, who graduated from Notre Dame in 1931. The Rockne Memorial Building was erected following an airplane crash which in 1931 resulted in the death of Knute Rockne.

By way of background, it was Knute Rockne who, as an end, was on the receiving end in a Gus Dorais-Knute Rockne passing combination which resulted in a 35-13 upset of Army. Until then, Notre Dame was a football quantity unknown and Army was one of the nation's best. It was the fist encounter between the two schools. The rivalry continued until after World War 11. A student at that year (of the Army upset) was Dwight D. Eisenhower!

After no more than 10 minutes for the meeting of General Eisenhower and Coach Leahy, party will re-enter vehicles and leave Notre Dame campus at :25 AM. Although this is the time-table of the local committee, it is the belief of Herb Welch and that of Mr. Grant that it will be 11:30 AM by the time the Caravan leaves the campus.

Mrs. Eisenhower will, of course, want to accompany the General as he visits Father Murphy. The General's car will be parked on a wide sidewalk at the foot of the main front steps of the Administration Building. The parlour is on the main floor which is one floor above the level of the sidewalk.

Police Chief RICHARD GILLEN, of South Bend, who is cooperating fully, is making special provisions to insure the safety of the General and his party and also to spare General and Mrs. Eisenhower from unnecessary exertion. 4 Officers, each more than 6' tall, together with Chief Gillen, will be in constant attendance in the immediate vicinity of General and Mrs. Eisenhower. Mr. Welch was concerned over the provisions made for General and Mrs. Eisenhower to return to their automobile after visiting Father Murphy, but Chief Gillen has assured him there will be no trouble in this regard. The front entrance way will be kept open for the return of General and Mrs. Eisenhower to the car.

Unless Mrs. LEAHY plans to be with her husband for the meeting in front of the Rockne Memorial Building, it might be that Mrs. Eisenhower would prefer to remain in the automobile while General Eisenhower exchanges greetings with Coach Leahy. Mr. Grant with Mr. Welch have attempted to ascertain Mrs. Leahy's plans in this connection but she has not been available. They will not have an answer until later.

Chief of Police Gillen estimates that no more than one hour will be required from the time the train stops in South Bend until the Caravan is ready to leave the Notre Dame campus. He estimates that it will require 6 minutes from campus to court house, in South Bend.

The Caravan should leave the campus by 11:30 AM, move west from the Rockne Memorial Building over a private road (Doer Road) about ½ miles to US Highway 31. There the Caravan will turn left and procede south on the highway re-entering the city of South Bend, on Michigan Street, which is the same as Route 31. Continuing south on Michigan Street to Marion Street, the Caravan turns right and procedes west one block on Marion Street. Then turning left on Main Street, it will procede south 5 blocks to Washington Street.

At the Washington Street intersection with Main, the Caravan will turn right for ½ block. All of this block will be cleared of all other automobiles. This street is the northern boundary of the St. Joseph County Courthouse and facing it is a side entrance to the Courthouse through which the General and a few members of his party will enter.

The Main Street of the Courthouse, which is the east entrance, will accomodate the Speakers Platform and it is there that the crowd will be assembled.

It is the plan of the Local Committee that the General and Mrs. Eisenhower enter the Courthouse via the side door of the Courthouse building. They will have opportunity as they so desire to pause briefly inside and then to approach the platform through the north or Main Street door of the Courthouse.

This means of entering the Courthouse will make it possible for General and Mrs. Eisenhower to reach the platform with little or no delay. Police officers will be on hand to make sure the crowd does not interfere with these plans. Rope barriers will be used.

TOM BATH, Republican Chairman of St. Joseph County, has arranged for a group of approximately 20 of his most loyal workers to be inside the office of County Commissioner. This office is immediately inside the Main Street entrance and to the right of one departing the building via this entrance. It is the desire of County Chairman Bath that General Eisenhower and Mrs. Eisenhower step inside the room for a minute or two before they go to the platform stands.

The platform stands will be on the Courthouse plaza immediately~~xxxxxxx~~ outside of the Main Street door. The plaza is about 4' above the level of the street, affording a ready-made stage. To be seated on the stand will be General and Mrs. Eisenhower, Beth and Assistant State Chairman, Robert A. Grant. To introduce Gen. Eisenhower will be Mr. Grant.

Mr. Grant was for 5 terms a member of Congress from the Third District which includes South Bend (from 1938-1948). He was Indiana Chairman of the pre-convention Eisenhower campaign. The Local Committee is hopeful that the General will speak as long as 10 minutes. Estimates of the expected crowd run as high as 50,000.

All South Bend schools, as well as many schools in the surrounding area, are to be dismissed for the parade and address. Advance newspaper and radio publicity has been excellent. An example was the 8-column banner headline in very large type with which the South Bend Tribune, circulation 100,000, announced that 30 minutes had been added to the South Bend stop.

Facing Gen. Eisenhower as he makes his address will be a large billboard on the opposite side of Main Street proclaiming, "South Bend Likes Ike".

Immediately following the address, Gen. Eisenhower and Mrs. Eisenhower and their party will be escorted by police officers back through a roped off corridor on the main floor of the Courthouse and out through the north or Washington Street exit to board their automobile at the same point where they had disembarked.

The Caravan will then procade west on West Washington Street a distance of 1½ blocks to Franklin Street. There the Caravan will turn left, proceding south on Franklin Street a distance of 6 blocks to the South Bend Union Station. At this point, it will be necessary for the party to walk through the station and up a long but gradual flight of steps to the elevated tracks above. To the left of the train as it pulls out of the station will be seen a 6-storey building which is the Body Plant of Studebaker Corporation. Many thousands of workers, members of UAW, are employed there. It is expected that they will be observing in great numbers as the train leaves the station.

The train is to pull out of the station at 12:00 P.M. EST.

Muehlebach Hotel

General and Mrs. Eisenhower will arrive at the Hotel Muehlebach at about 4:45 P.M. and Mrs. Eisenhower will proceed directly to her suite escorted by a small Women's reception committee. General Eisenhower will be escorted by chairman Scheufler to the Music Room on the mezzanine floor where there will be a small informal meeting with Republican organization members (15 minutes). The General will reach his Penthouse suite at 5 P.M. There is no scheduled event until 7:10 P.M.

Mrs. Eisenhower will be escorted by the Hostess chairman to the Junior Ball room, mezzanine floor, shortly after 5 o'clock for a small reception, terminating at 5:30 o'clock.

Trip to TV Studio

General and Mrs. Eisenhower will leave the Muehlebach Hotel at 7:10 for the trip to the studios of WDAF-TV, located about two miles from the hotel. They will be accompanied in their car by Mr. Roy Roberts, publisher of the Kansas City Star, and will be followed by two other cars; one containing the Wire Service men - AP, Up, and INS; and the other car containing Mr. Greene and members of the General's staff that he desires to be with him for the broadcast.

Depending on this contingency, time has been allowed for a rehersal of the General on the "Question and Answer Nation-wide TV Broadcast." The production technicians and the representatives of NBC deem this the positive minimum time for rehersal of the cast, because of the great number of technical details involved.

The General goes on the air between 8:45 and 9:00 P.M., depending on the end of the preceding fight program. THe earliest he will go on will be 8:45; the latest he will go on will be 9:00 P.M. It is a half-hour broadcast period. The earliest he will finish will be 9:15; and the latest he will finish will be 9:30.

(The schedule from this point on has been set from the latest possible time of the broadcast.)

At the conclusion of the broadcast, time has been allowed for the General to remove the makeup and conclude the studio details.

ARRIVAL AT MUNICIPAL AUDITORIUM

General and Mrs. Eisenhower are scheduled to arrive at Municipal Auditorium accompanied by the same group that escorted them to the Studio, and they will be escorted to a room near the stage of the Arena from which he will speak. General and Mrs. Eisenhower will be escorted from this room to the stage. This speech at Municipal Auditorium will not be broadcast by TV or by Radio. (The General's TV Show, however, will have been heard by the audience at the Municipal Auditorium, but not seen. The audio part will have been broadcast over the loud speaker system and will therefore be heard by the audience.)

There will have been a period of 20 minutes between the time the General and Mrs. Eisenhower leave the TV Studio and they arrive in person at the Municipal Auditorium.

Departure from Municipal Auditorium

At the conclusion of his speech General and Mrs. Eisenhower will be escorted from the stage to their waiting cars and drive directly to the Muehlebach Hotel.

Upon his arrival at the Muehlebach Hotel the time will be the General's from then on.

The Committee will also have busses to bring back the Press, plus a convoy of automobiles to bring back the members of the General's party who were on the stage.

There will be a standby convoy to take the General to his train at the time he designates. Press busses will also be available.

PRESS ARRANGEMENTS

A press room has been provided at the Muehlebach Hotel (Rooms 510-511-514) with Western Union wires and telephones.

Press facilities have been set up at Municipal Auditorium with 200 seats and tables, with wire services provided by Western Union and a battery of telephones. To facilitate the services to the press, there has also been established a press room at Municipal Auditorium, so that the press may cover General Eisenhower's TV Show from there.

Press busses will be provided in the Motorcade which will transport the press from the Muehlebach Hotel to Municipal Auditorium and from Municipal Auditorium back to the Muehlebach Hotel, leaving the Muehlebach Hotel at 8:00 P.M. and returning from Municipal Auditorium at the conclusion of the General's speech.

A large 12' platform, 45' from the speaker's platform, has been provided for newsreel camera men.

A 3' high platform in two (2) - 8' sections, in an inverted V has been provided for still photographers 6' in front of the speaker's platform.

The Press will be guests of Mr. Roy Roberts, of the Kansas City Star, for dinner in the Muehlebach Hotel. The dinner is scheduled to start at 5:30 P.M., buffet style, and end at 7:00 P.M. Mr. Roy Roberts is handling this personally.

ROUTE:

Market Street; right turn to 12th Street and to Hotel.

ARRIVAL AT McLURE HOTEL

Party will arrive at the main entrance of the Hotel, Market Street and will be greeted by an escort committee of seven, headed by Mr. Ralph L. Miller, Chairman, who will conduct the party to the elevator to the left, A small reception committee located in the Colonnade Room on the Mezzanine floor of the hotel will be waiting for the General to stop by and merely greet them. This committee comprises of members of the Republican Executive Committees of the First Congressional Districts.

After a few words of greeting by the General he will proceed to his suite on the 7th floor and remain until departure for the Wheeling Island Stadium at 8:40 PM local time.

DEPARTURE FROM HOTEL TO STADIUM

At 8:40 PM, escorted by Carl O. Schmidt and H. K. Hastings, the General and his party will leave his suite and proceed to the main entrance of the hotel, there entering a motorcade for the drive to the Wheeling Island Stadium. Police escort and the following route will be taken from hotel:

> West on Market to 10th Street; West on 10th to Main;
> South on Main to Steel Bridge; West on Bridge to Penn;
> South on Penn to Vermont; East on Vermont to Front;
> South on Front to Southeast Gate of Stadium.

With a police escort and arrival at the SE gate at approximately 8:50 PM, the National Committeeman from West Virginia, Walter S. Hallanan, will be introducing the General. The General's car will proceed around the cinder track, about one-quarter mile, at approximately 5 miles per hour. His official car will then stop close to the steps leading to the speaker's platform. At 8:55 PM the General and his party will walk on the platform, party taking their assigned seats and the General acknowledging ovation of the crowd. At promptly 9:005, begins his speech which will be carried over the eastern part of the US by Station WWVA.

At 9:35 PM, the end of his speech the General and his party will enter his motorcade for the return trip to the hotel or train.

PHASE 1

Reception at Train.

The Eisenhower train will arrive at the Mt. Royal Station at 5:55 P.M. E.D.S.T. There is a high fence at Mt. Royal Station immediately adjacent to the railroad tracks and another fence along the station platform in line with the station. Only the members of a local reception committee of about 60 persons, headed by Baltimore City GOP Chairman, W. Rae Dempsey, Jr., will enter the enclosed station platform area where the Eisenhower train will arrive. The train will be on the second track. The Baltimore City GOP Chairman will greet General Eisenhower. General Eisenhower and his party will move through a roped-off passageway through the station and to the cars of the motorcade, parked in front of and to the east of the station. Mt. Royal Station is located below Mt. Royal Street with a circular, moderately-inclined entranceway for automobiles. There will be a band at the station. The press aboard the Eisenhower train will leave the station platform via a gate which will be in the vicinity of the press busses of the parked motorcade. Signs so instructing the press will be placed on this gate and the busses will be visible to the press people.

The rear platform of the train will be spotted about the length of one railroad car from the main gate of the station.

There will be a station wagon with a motorcycle escort to meet the train at Mt. Royal Station and bring the luggage to the Lord Baltimore Hotel. There will be a truck, also with motorcycle escort, to bring the luggage of others in the Eisenhower party from Mt. Royal Station to the Lord Baltimore Hotel. The station wagon and the truck will be available to transport luggage also from the hotel to the train as the party leaves the hotel or as directed.

In addition, there will be another truck to meet the train at Mt. Royal Station for the hauling of heavy TV and radio gear from the train to the Armory and to transport it later from the Armory to the train. The driver of this truck has been requested to report to either Jim Haggerty, Stew Newlin or Lou Kelly as the train arrives at Mt. Royal Station.

Baltimore police officers of the Northwestern District are being assigned to assist Baltimore and Ohio Railroad police at Mt. Royal Station. City Police are being stationed at all intersections along route of motorcade from Mt. Royal to Hotel, from Hotel to Armory and from Armory to Camden Station.

Western Union has been alerted to provide messenger service at Mt. Royal Station, at the Hotel, at the Armory and at Camden Station.

Phase II
Motorcade to Hotel

The motorcade will go from Mt. Royal Station to the Lord Baltimore Hotel. There will be a large crowd, both at the Station and along the route of the parade.

The Committee will place both an open car and a closed car at the disposal of General Eisenhower at the Mt. Royal Station.

Following is the route of General Eisenhower and his party from Mt. Royal Station to the Lord Baltimore Hotel:

East on Mt. Royal to Charles, two squares; south on Charles to Lexington, ten squares; west on Lexington to Howard, three squares; south on Howard to Baltimore, two squares; east on Baltimore to Hanover, two squares; north on Hanover to Hotel

(Hanover Street entrance).

PHASE III

HOTEL (Suite & Supper)

Hanover Street, to the west of the front entrance of the Hotel, will be blocked off between Baltimore and Fayette Streets to permit the cars of the motorcade to park there, holding their respective positions, while General and Mrs. Eisenhower remain inside the Hotel.

General and Mrs. Eisenhower and staff will go directly to their rooms.

Quartering arrangements for the Eisenhower party are as follows:

1236 - General Eisenhower (Suite - Bedroom)
1238 - General Eisenhower (Suite - Parlor)
1240 - General Eisenhower (Suite - Bedroom - Gov. Sherman Adams)

1242 - Senator Frank Carlson
1244 - Senator Fred Seaton
1246 - Mrs. Sherman Adams
1248 - General Jerry Persons
1250 - Art Minnick - Clarence LaFond
1252 - Ed Greene
1254 - workroom for Summerfield staff - 2 secretaries
1256 - Jules Dulce
1258 - Congressman Len Hall
1260 - Stanley Pratt

1262 - Arthur E. Summerfield (Suite - Bedroom)
1264 - " " " (" - Parlor)

1228 - Stanley High and Gabriel Hauge
1230 - James Haggerty
1232 - Lou Kelly and Walter Swan
1234 - Tom Golden and Lou Swee

1336 - Mrs. Eisenhower (Suite - Bedroom)
Mrs. Mary McCaffree and Ann Wheaton
1338 - Mrs. Eisennower (Suite - Parlor)
1340 - Mrs. Eisenhower (Suite - Bedroom)
1342 - Rose Wood

1344 - Mrs. Katherine Howard
1334 - Mrs. Doud
1332 - Kevin McCann
1330 - Tom Stephens
1328 - Dr. Howard Snyder

Six rooms, un-numbered, will be furnished by the hotel for the remainder of the general staff as wash-up and clean-up rooms. One of these rooms will be for the other three ladies, and the other five rooms for the men. The hotel will announce these numbers on the train's arrival. Ten additional rooms will be furnished by the hotel for the press, wash-up and clean-up, numbers to be announced on arrival of the train.

Miss Grace Hildreth, National Committeewoman for Maryland of the Young Republican National Federation, will be in charge of housing for the Eisenhower party. She and her assistants will operat an information desk in the lobby of the Hotel where a complete list of room assignments will be maintained, including the numbers of rooms for Eisenhower staff not now assigned, the numbers of the Eisenhower staff clean-up rooms and the numbers of the 10 rooms to be used as clean-up rooms for the Eisenhower press.

PHASE IV

Caravan to Armory

The motorcade from the hotel to the Armory will not be in the nature of a parade. General Eisenhower will ride in a closed car and an automobile marked "Wire Photo Car" will be substituted for the flat-bed truck used in the arrival motorcade.

The motorcade will leave the Hotel at 8:30 p.m. D.S.T. to deliver General Eisenhower and his party to the Armory at 8:50 p.m. D.S.T.

The motorcade will take the following direct route for the one and one-fourth miles between the Hotel and the Armory:

Hanover Street entrance of Hotel to Fayette Street, less than one block away; west on Fayette to Howard; north on Howard to Preston; west on Preston to Linden Avenue; north on Linden to Huffman; east on Huffman one block to dismounting point.

General Eisenhower's car will be driven directly in front of the door of the northeast entrance (a side entrance) of the Armory. The entrance is on the same level as Huffman Street.

PHASE V.

SPEECH AT ARMORY

General Eisenhower leaves the Lord Baltimore in motorcade for the 5th Regiment Armory at 8:30 P.M.D.S.T. and arrives at the Armory at 8:50 P.M.D.S.T. He will be escorted to the Armory (regiment) Commander's office. This office is adequate for rest and makeup. The makeup personnel will be on hand there. Makeup will require five or ten minutes and by this time it will be 9:05 P.M.D.S.T. There will be fifteen minutes rest and at 9:20 P.M.D.S.T. the General will be escorted to meet the escort committee for escort to the stage. Mrs. Eisenhower will be presented to her escort committee and conducted to the stage at 9:15 P.M.D.S.T. The General will be escorted to stage rear at 9:25 P.M.D.S.T. to await the cue. Governor McKeldin will make the introduction. Prior to that introduction three minutes will have been allowed for disclaimer, TV: the bells, the buildup and crowd shots, with announcer voice over the video. Governor McKeldin will say, "and I give you the next President of the United States," and General Eisenhower will make his entrance for the TV speech. After the speech, the General will be escorted from the stage directly to his car, at the same entrance, for transit directly to the train. Hugh Rogers, BBDO, who has handled technical production for the Philadelphia, Indianapolis and Kansas City shows, will again produce this event.

9:33 - 10:00	Address by the Hon. Dwight D. Eisenhower
10:00	Meeting adjourned by D. Eldred Rinehart.

PHASE VI.

Return to train and departure

General and Mrs. Eisenhower will be ready to leave the Armory by 10:10 p.m. D.S.T. Cars for the Eisenhower party will be waiting at the side entrance to the Armory which General and Mrs. Eisenhower used as they entered the Armory.

(Division Superintendent Bartlett, of the Baltimore and Ohio Railraod, says that the Eisenhower train will be split from the time it arrives at Camden Station until departure time at 10:45 P.M. D.S.T.)

The 10 rear cars of the train will be parked on No. 2 track, just off South Howard Street, with the other eight cars to be parked on the adjoining track. There is a wide gravel driveway between the two tracks which makes it possible for passengers and luggage to be driven directly to all cars of the train. The Division Superintendent says train diner service and other train service will be maintained continuously while the train is divided and standing at the South Howard Street siding.

The motorcade will go directly from the Armory to the train.

Press busses will be held in departing from Armory, along with their motorcycle escorts, subject to the direction of Jim Haggerty in order to give press personnel sufficient time to leave the Armory and board them.

Annex 1

Special Press Arrangements

In order to transport the press to the armory in time to be in the press section for the Eisenhower address, Etc., the two press busses, along with a motorcycle escort, will leave the hotel ahead of the other units of the motorcade. The press busses will leave the hotel at 8:00 P.M. EST.

The Committee has arranged a reception and cocktail party for the press in a room off the mezzanine floor of the hotel and extends invitation to all press people aboard train.

The reception and cocktail party for the press will begin with the arrival of the Eisenhower party at the hotel.

Hotel press room on mezzanine floor of hotel. (See room schedule for rooms)

Main office of Western Union is only two blocks from Lord Baltimore hotel. There is a branch office of Western Union in the hotel. Leased wires, therefore, do not appear necessary at the hotel. There will be leased wires, however, at the armory.

Annex #2

Special Staff Transportation

It is anticipated that certain members of Eisenhower staff not to exceed 35 may choose to remain at the Lord Baltimore Hotel to work while the program is underway at the armory. Arrangements have been made for seven cars to park near the Hanover Street entrance to the hotel to take this group directly to the train. The drivers will be expecting their passengers to enter the automobiles at 10:00 p.m. DST and to leave for the train by 10:15 p.m. DST. There will be a motorcycle escort for the seven cars.

MEMORANDUM TO: Senator Seaton
Tom Stephens
Cong. Hall

FROM: Doug Price

RE: Information from Washington

San Francisco

37 people want finance meeting in San Francisco. Ed Tait understands it has been tentatively agreed to, but not firm.

Also, unsure as to Los Angeles - whether or not Charles Thomas' finance workers are to have separate reception. There is one for movie people, one by McIntyre Faries - and the Charles Thomas reception.

Charles Thomas was promised by Tom Stephens that such a reception could be held.

Please confirm.

New Orleans - Monday, Oct. 13th

6:10 PM CST - Plane Arrives - airport
6:00 PM CST - Train Arrives - Railroad Station

Warren Stephenson and Warren Harris would like you to discuss possibility of outdoor meeting in Beauregard Square.

Warren Stephenson wants to know if Mrs. Eisenhower will come from train to hotel.

He suggests that the motorcade go from the airport to some point where it will be met by small motorcade from railroad station with Mrs. Eisenhower at 7:05 PM. At that point both will continue to Roosevelt Hotel. Feeling down there is that the Eisenhowers should arrive together for the purpose of making hay of fact Gov. Stevenson has no wife.

Train leaves same night (Monday, Oct. 13th) from New Orleans to Houston overnight. Everybody is then aboard.

Lv. New Orleans - 10:30 PM CST
Ar. Houston - 7:25 AM CST - Oct. 14th

Radio WWL and WDSU public service time - 9:00 to 9:30 PM.
Television: WDSU-TV - 8:30 to 9:30 PM, although General speaks only from 9:00 to 9:30 - also public service.
TV is local - radio over statewide network of 30 stations.

The Eisenhower workers in Louisiana want to present to General

Eisenhower upon his arrival at the Roosevelt Hotel with a giant-sized birthday greeting card signed by 30,000 people. The plan is to present this to General Eisenhower in the Gold Room of the hotel after he arrives from the airport. The General will stop off the elevator on the mezzanine and will be taken to the Gold Room where the Eisenhower workers will make the presentation.

NOTES ON PHASE #2

The Motorcade (Transportation) Committee will arrange with local police to have the motorcade go into very slow motion immediately that those occupying General Eisenhower's car have taken their seats. (Should be a large convertible with top up so that the top may be lowered only at the time the General reaches crowds. It is a long ride from the airport and may conceivably be chilly).

When the General's car moves out in slow motion and gets out into the open, away from the crowd, opportunity is provided for the other cars to fill up and move out and take their places in line behind him in slow motion. This operation takes time and the police should be carefully zeroed in on this procedure. Police should be in sufficient strength, with ropes available, at the airport to keep the lane open to the cars as they come up to be loaded, and should be able to hold back the crowd for at least 10 minutes, with this lane open. The lane should be wide enough to provide free access for the members of the General's party and the Escort and Reception Committees to file their way down the lane to the cars with audio control being used to announce their names. To avoid excessive delays this requires outstanding police cooperation.

ROUTE

The following route from the Long Beach Municipal Airport to the Ambassador Hotel, with the usual police security, will be as follows:

North on Lakewood Boulevard to Firestone Boulevard; West (Left) on Firestone Boulevard to Broadway; North (Right) on Broadway to 40th Place; RIGHT ANGLE on Broadway Place to Main Street; North (Left) on Main Street to 9th Street; enter

Spring Street; North on Spring Street to 5th Street cavern; West (Left) on 5th Street to Grand Avenue; South (Left) on Grand Avenue to Wilshire Boulevard; West (Right) on Wilshire Boulevard to Ambassador Hotel (motor entrance).

NOTES ON SECURITY

GENERAL EISENHOWER has asked that sirens not be used during motorcade or convoy movements. Police should be alerted to this. Police should also be advised that the security protection afforded on each side of his automobile by mounted motorcycle police, should be extended to include the wire service truck in front of his car. The reason for this is that in order to facilitate the photographers in taking pictures of his arrival, it is desired that no motorcycle police be between the truck and the General's car. If the motorcycle cordon is drawn around both vehicles as though they were a single unit, the entire operation is expedited, the security control exists, and the photographers get their close-up pictures.

In all convoys, to guard against the crush of the crowd, and especially in any convoy in which the General rides, the drivers will always be in their seats ready to move out on proper signal and should not stand holding the door outside the car.

Repeat - the drivers will always be in their seats and ready to move out on signal. If a door is to be held, someone else should be designated to do it.

Whenever a convoy is set up to take the General, his staff, or the press to any point, those convoys should never leave the point of delivery under any circumstances or conditions, until they make the return of the persons who were carried. This holds good in every case except in that of the motorcade, which is basically a one-way trip. However, the head 10 cars of the motorcade become the General's "small" convoy for movements after the motorcade. The Transportation Committee Chairman will not make any plan which calls for a movement of the convoys away from the point of delivery until those persons who were delivered have been picked up again to be returned to the starting point. Experience indicates that convoys not frozen in position early, always become lost.

The General has entered into an agreement with the press that once they are taken anywhere by busses, the busses will remain there until time for their return. A minimum of two press busses is always required.

Representatives of the Republican National Committee or the advertising agencies who are either technicians, production men or advance men, will make known their needs and be responsible for advising the committee when they will need escorts or police in order that they may accomplish time control or production control.

* * *

PHASE NO. 3 - AMBASSADOR HOTEL ARRIVAL

The motorcade will bring the General and his party to the taxi ramp entrance. At this entrance will be an honor guard of 20 distinguished veterans drawn up in a double line of 10 each to protect the entry to the corridor entrance door of the hotel. This veteran honor guard will be led by James Callanan, John D. Home, and Louis Greenbaum. Adequate security measures in the hotel corridors leading to the receptions will have been effected.

Mr. Waters, Mr. Faries and Mr. Brennan will escort the General.

NOTES ON NIGHT CONVOY

This convoy will be kept intact at all points from the time it leaves the Ambassador Hotel to the Pan Pacific Auditorium. Sufficient motorcycle escort must be provided to put the convoy through under any circumstances which may arise. The same procedure of slow move-out, and the same security will obtain in this movement as in the airport to hotel movement. Wire service photographers will be given the same inside-the-security-ring as the rest of the convoy.

> This convoy will follow the following route to the Pan Pacific Auditorium: From the Ambassador Hotel North to Third Street, West (Left) on Third Street to Gardner, North (Right) on Gardner to First Street Security Gate. This 10-car convoy will be directed to a cleared area and stopped heading North with the General's car opposite the security door to Room No. 2 of the General's private quarters in the Auditorium.

After the party has debarked, the motorcade will be turned around facing South, with the General's car opposite the security door, and all cars and drivers will remain in readiness for departure at 9:15 P. M. - drivers to remain in their seats -- THIS IS IMPORTANT.

PHASE NO. 6 - PAN PACIFIC AUDITORIUM

The motorcade bearing the General and MRS. EISENHOWER will enter the guarded parking area through the security gate and proceed north to a point where the General's car is stopped outside a security door in Room #2, as diagramed on Auditorium layout. The entire party will enter Room #2 and the following persons will proceed into Room #1 with General and MRS. EISENHOWER:

Senator Seaton
Senator Carlson
Governor Adams
Mr. Gruenther
Mr. Brennan
Mr. Waters
Mr. Faries
Mrs. Benedict

Room #2 is equipped as a private room, adjoining toilets and rest room. Drinking water and glasses will be available.

The remainder of the party which previously entered Room #2 will proceed through the door in that room to the platform for immediate seating and chairs designated for each individual. Rooms #1 and #2 and the seating space will be handled by H. SIDNEY LAUGHLIN, who will be the Auditorium Committee member in charge of the suite. Five officers of the Los Angeles Police Department have been detailed to act as guards for the doors of Room #2 and Room #1.

MRS. BENEDICT will escort MRS. EISENHOWER to the platform at 8:20 P.M.

At 8:25 P.M., an Escort Committee, consisting of McINTYRE FARIES and SENATOR WM. F. KNOWLAND, will call upon the General in the private room to escort the General by way of the security isle which has been prepared leading from Room #1 to the steps of the stage. At 8:29 P.M. the committee, with General and MRS. EISENHOWER, will leave the private room and escort the General to the stage in time to receive his introduction by GOVERNOR WARREN, which will be finished, with one minute on TV and radio, at 8:32 P.M. The committee will proceed to their seats in the center of the stage and the General will walk directly to GOVERNOR WARREN's side at the podium, which will be at the exact center front of the stage. The General's speech, which begins after the introduction and concludes at 9:00 P.M., will be simulcast over a nationwide ABC radio hook-up and a regional NBC hook-up and will be televised from stages in the Auditorium by KTLA local TV outlet.

At the conclusion of the speech the General will remain on the platform during the playing of the Star Spangled Banner, the Benediction and allowing time for handshaking with some of the persons in the center of the stage.

At 9:05 P.M. GENERAL EISENHOWER, MRS. EISENHOWER and GOVERNOR WARREN, together with the designated security group, will proceed down the stairway at the west end of the stage through a security corridor and a pre-arranged route known to the security group to a prepared platform on the roof to the entrance of the Pan Pacific Auditorium overlooking the assembled overflowing crowd. While the General is introduced by GOVERNOR WARREN and speaks from this point and MRS. EISENHOWER is introduced; the outside activities and talks will be piped back into the auditorium where the crowd will be held in place until 9:20 P.M.

A special loud speaker system and flood lighting has been arranged to reach all of the overflow crowd. The doors will not be opened for departing persons until the General has finished and has been reconducted back through the same path into Room #1 and out through the security door in Room #2 to his motorcade which will be loaded and in readiness for immediate move-out.

PHASE NO. 7 - CONVOY FROM PAN PACIFIC AUDITORIUM TO EISENHOWER TRAIN.

The convoys which brought the General and distinguished guests to the Auditorium from the Ambassador Hotel, together with press busses, will be re-arranged during the meeting to head out of the Auditorium area, by RALPH YAMBERT. The General's car will be placed opposite the security door and all other cars in the convoy will be arranged in the same direction, preceded by the regular convoy arrangement.

S.O.P. for the airport convoy as previously set out will be enforced at this point.

At a signal from the lead security car the convoy will proceed North to Beverly; East (Right) on Beverly to Vermont; North (Left) on Vermont to Melrose; East (Right) onto Hollywood Freeway to North Broadway; to Spring Street and to the Union Station and up the ramp to train-side.

ANNEX "A" - PRESS ARRANGEMENTS

The Chairman of the Press Committee in charge of arrangements is ROBERT FAHS who will be available to the press, together with his staff, at all times. The publicity representative of the Southern California Committee is HERBERT KLEIN, Publicity Director of the Eisenhower-Nixon Southern California Campaign.

The press time table is as follows:

TIME	PLACE	EVENT
2:25 P.M.	Long Beach Municipal Airport	Arrive with planes accompanying the General.
2:35 P.M.	Long Beach Municipal Airport	On platform - informal speech by General Eisenhower, introduced by Governor Earl Warren.
2:50 P.M.	Long Beach Municipal Airport	Leave by 2 press busses with General's motorcade.
3:35 P.M.	Ambassador Hotel	Arrive with General's motorcade.
4:00 P.M.	Ambassador Hotel - Lounge	Reception by Local Press.
7:30 P.M.	Ambassador Hotel taxi ramp	First motorcade departs for Pan Pacific Auditorium, including 1 press bus.
8:00 P.M.	Pan Pacific Auditorium	Press busses leave with General's convoy.
9:20 P.M.	Pan Pacific Auditorium	Press leaves by busses direct to train.
9:50 P.M.	Union Station	Press arrives by busses.

LONG BEACH ARRANGEMENTS

A special seating section of about 150 chairs has been established for the working press from Long Beach and the press accompanying General Eisenhower, adjacent to the platform from which the General will make his greeting to the crowd at Long Beach. Western Union teletype machines are available for reporters who have not been able to file stories on the San Diego meeting and who desire to file on Long Beach ceremonies.

AMBASSADOR HOTEL ARRANGEMENTS

A press room has been installed in the Ambassador Hotel for all working press in the room known as the OVAL ROOM. Western Union has installed at least 8 circuits and there are 12 telephones and 25 typewriters available in the room. Members of the press will have quarters in the Ambassador Hotel as shown on the room schedule.

The press room is in charge of ROBERT FAHS. HERBERT KLEIN and WILLIAM D. CAMPBELL are the Committee Members at the door.

NOTE ON PREPARATIONS FOR DEPARTURE: The motorcade which leaves the Ambassador at 7:30 and the bus in the General's convoy will not return to the Ambassador Hotel. All baggage destined for the train must be prepared and in the lobby before departure. Transportation Committee will handle movements of baggage to the train independent of motorcade and convoy.

PRESS FACILITIES AT PAN PACIFIC AUDITORIUM

Upon arrival at the Pan Pacific Auditorium the press will enter the Auditorium through a large door on the east side of the building toward the north end. Arrangements for 300 of the press, tables and chairs have been provided in front of the platform and admission to this section will be by credentials through a press gate in the southeast corner of the stage. Chairman of this press operation will be FRANK FREEMAN. No smoking or typewriters will be permitted in this press section.

Seats will be held for official plane press corps in the front of this section. At the northwest corner of the auditorium floor in rear of the stage, a working press room has been established behind barricades and curtains which are designed to absorb the sound. 25 typewriters, 15 telephones, and 4 Western Union circuits and Western Union service will be available here. A mimeograph department and two electric typewriters with staff are available and refreshments will be served in this room.

STILL PHOTOS

Platforms for still photos have been erected at the front right and left corners of the stage.

NEWSREEL SET-UP

Special platforms have been erected for newsreel coverage on both sides of the Auditorium, 30 feet from the front of the stage. The newsreel platform is 17 feet long, 5 feet wide and 5 feet 7 inches high, stressed to handle 6 cameras on each stand.

Lighting for the podium has been worked out to exceed 250 candles while EARL WARREN and GENERAL EISENHOWER are speaking.

TELEVISION COVERAGE

Two special platforms 5 x 5 feet and 5 feet 7 inches from the floor have been installed for television cameras immediately adjoining the newsreel stands on the floor of the Auditorium, with 6 inch space to relieve these stands from newsreel camera vibration. Television will also occupy two cages built for their use by the Auditorium and with which the Television Staff is familiar.

The official plane press corps must be alerted to the fact that the Eisenhower train leaves the Union Station at 10 o'clock and that all transportation to the train will leave the Pan Pacific Auditorium not later than 9:20 P.M. These busses will probably be in the motorcade but if not will be convoyed to the train by special routing.

ANNEX "B" - AUDITORIUM PROGRAM AND ARRANGEMENTS

The doors to the Pan Pacific Auditorium will be opened at 6:00 P. M., and the crowd will be controlled to their seats by the ushering system of the Pan Pacific Auditorium, under the direction of TED NABOR, Head Usher, assisted by 5 members of the Los Angeles Fire Department and an appropriate assignment of members of the Los Angeles Police Department. An accurate count of those entering the Auditorium will be maintained at the front entrance doors, and when enough persons have entered the Auditorium to fill the seats under the Control System the exterior doors will be closed. Distinguished guest door has been established at the rear of the Auditorium, and if it is possible to hold that section, distinguished guests will continue to be admitted until 6:45 P. M., at which time all doors will be closed, and only entertainment personnel admitted through the security gates thereafter.

The program from the stage will be presented with GEORGE MURPHY as Master of Ceremonies. The orchestra of 25 pieces, stationed at the front base of the stage, will play between 6:15 and 6:30 P. M., and thereafter entertainment, including appearances by a choral group, EDGAR BERGEN and CHARLIE McCARTHY, DAN DAILEY, JOHN WAYNE, DICK POWELL, ARLENE DAHL, ETHEL MERMAN, HOAGY CARMICHAEL, LUCILLE NORMAN, the HAL JOHNSON CHOIR, THE KING'S MEN, JOHN CARROLL, IRENE DUNN, ESTHER WILLIAMS JUNE ALLYSON, BILL THOMPSON and THE PIED PIPERS. A new campaign song entitled, "VOTE FOR IKE," by JOHNNY MACK GORDON, will be premiered. (It's terrific!) Entertainment will carry on until 8:07 P. M., when GEORGE MURPHY will close the entertainment show.

The Auditorium platform for the show and for the distinguished guests who will sit thereon is 5 feet high, 20 feet wide, and 30 feet long, with wing extensions, and stairways on both the East and West ends. The Platform is located at the North end of the arena. A limitation of 40 persons appearing on the stage at one time has been agreed upon by the Department of Building and Safety of the City of Los Angeles. A podium has been prepared, which will be wired for auditorium and ABC-NBC-KTLA sound (which will also be piped to the television outlet) in such a way that the podium will remain off stage during the entertainment, and will be placed in position at the center front of the stage at 8:07 P. M. During the period from 8:07 until 8:11 P. M., while the band continues to play after the close of the Murphy show, all chairs properly marked for distinguished guests will be moved to their places on the platform, and the distinguished guests who have been assigned to sit on the platform during the General's speech will be seated. A complete list of persons seated on the stage is included in Phase 6.

Newsreel and television cameras will be located on two special platforms, which has been agreed upon by all of the companies sharing the operations. These platforms will be approximately 5 feet wide and approximately 5 feet 7 inches high, and will be located 30 feet in front of the stage at the East and West sides of the main front adjacent to the raised seating section. The wing sections of this platform will be 17 feet long to accommodate the Newsreel companies, and the television sections of this installation will be 5 feet long and separated by a 6 inch space from the Newsreel locations.

Special incandescent lighting for the benefit of the newsreel photographers and television coverage has been installed, which will give in excess of 200 feet candles of light on the speaker, so that pictures may be taken at 5.6 and at 1/50th of a second. All lighting has been approved by representatives of 11 newsreel companies and KTLA. Decorations in rear of the podium have been checked for proper color for television background.

The Auditorium seats 6000 persons, on three banks of raised seats, and approximately 2000 seats, as approved by the Los Angeles Fire Department, will be placed on the lower floor, or a total of 8000 persons. The Auditorium is located at 7600 Beverly Boulevard, and the Manager is MR. LYMAN H. JOHNSON. None of the seats is permanently installed in the common usage of the phrase. The seats erected on movable tiers are wire seats, some padded; and the seats on the level floor are wooden seats.

The Auditorium is equipped with a Hospital and First Aid Room, which will be under the direction of JOHN KREHBLE, and will be staffed with one doctor and two nurses, and outside of this station, one ambulance, with attendants, will be on duty. The ushering staff of the hall has been briefed and has a well organized procedure for handling persons who are ill or injured, and the medical staff will be responsible for setting up a procedure for handling overflow crowd cases.

The Committee insurance policy has been rewritten to a maximum of $1,000,000.00, P.L. and P.D.

Concessions will be operated by the Auditorium during the entire program at their usual locations.

Firemen from the Los Angeles Fire Department will be under the command of Captain DEGENKOLE.

Police and firemen have been briefed on an emergency procedure, which will permit the General and Mrs. EISENHOWER to leave the stage and the hall through an emergency exit immediately in rear of the stage in event of a fire, earthquake, or other emergency.

All arrangements at the Pan Pacific Auditorium are under the chairmanship of ROBERT FENTON CRAIG, who will be located at the Pan Pacific office, adjacent to switchboard, in the Executive Bungalow.

*****

ANNEX "C" - OVERFLOW CROWD AT PAN PACIFIC AUDITORIUM

Control of persons unable to obtain admission to the Pan Pacific Auditorium will be centralized West of a point forty feet (40 feet) from the Pan Pacific Auditorium. The 40 feet area will be roped off and the policing of all of the overflow crowd will be handled by approximately 38 uniformed members of the Los Angeles Police Department who have been assigned to the area under the command of LT. REINEKE.

The parking area West of the Auditorium to a depth of 40 feet will be kept clear of cars to assist in accommodating the overflow crowd and at that point 4 Hollywood-type searchlights will be in operation and the area further bounded by 12 to 14 specially decorated automobiles satirizing Truman, under the chairmanship of FLORENCE STEVENS.

The entire crowd will be able to view the special platform being built on the roof of the marquee, at a height of approximately 5-1/2 feet above the level of the roof. Special floodlighting has been installed and the construction of this lay-out including a special loud speaker system to be used to the outside crowd, has been arranged under the direction of "Doc." Bishop. The loud speaker hook-up will be so arranged so that all activities inside the Auditorium may be piped to the outside crowd during the inside program and the microphone with the General's speaking system will be available for his speech and if emergency purposes dictate during the course of the program, special announcements may be made to the outside crowd by a chairman who will be designated for the purpose of that control.

The captive balloon operated by the YIFE, under the chairmanship of JIM REYNOLDS will fly from a previously arranged location in the parking area and tanks of helium are at that point. An insurance policy covering the Committee and the Pan Pacific Auditorium for PL and PD in the amount of $100,000. has been written for the captive balloon operation only.

Special street banners and floodlights have been arranged for the street in front of the Auditorium and all lay-out has been cleared with the Department of Building and Safety of the City of Los Angeles, the Police Department and the Fire Department.

There will be no newspaper photographer or reporter coverage, except as might be worked from the ground, on the General's speech from the marquee.

EISENHOWER'S PROGRAM SCHEDULE
for
DALLAS, WEDNESDAY, OCTOBER 15, 1952

The Eisenhower train arrives in Dallas at 9:25 A.M. from Fort Worth on Track 10 in the Union Station.

The Press and guests should get off the left side of the train. Ushers will be present to direct them down the ramp and through the tunnel to the Press section in front of the speaking platform.

Photographers desiring to photograph Mr. and Mrs. Eisenhower as they leave the train should get off on the right side of the train.

At 9:28 a.m. Mr. and Mrs. Eisenhower, Alvin Lane, H. J. Porter and Mrs. R. J. Black get off of the right side of the train and into an automobile marked "Auto A" (see attached diagram). "Auto A" will drive this party to the board walk which has been built across the adjoining tracks. Mr. Eisenhower and party will walk across this board walk to the speakers platform.

Immediately upon arrival of Mr. and Mrs. Eisenhower at the platform, Alvin Lane, Republican State Chairman will introduce H. J. Porter, National Committeeman. Mr. Porter will then introduce Mrs. Eisenhower. Mrs. Eisenhower will be presented with a corsage. (The name and address of the donor is not yet available) Mr. Porter will then introduce Mr. Eisenhower. At the end of the program Mr. and Mrs. Eisenhower and party should immediately leave the platform and retrace their route back to the rear car of the train. Auto A will be available.

It is requested that the press and staff immediately board the motorcade by walking through the tunnel to the ramp on the left side of the tunnel leading to Track Nos. 8 and 9. The motorcade will be parked in the parking lot to the rear of the Post Office. It will take approximately 10 minutes for these persons to be seated in the motorcade. The motorcade will be composed only of those persons who will be on the plane boarding list and local persónages.

Mr. Eisenhower should remain on the train for approximately 10 minutes while the motorcade is forming. At 10:03, it is requested that Mr. Eisenhower get off the left side of the train and board a car which will be staged there ("Auto B" on the attached diagram). "Auto B" will then move to its proper position in the motorcade.

The motorcade will immediately leave for Love Field, Dallas, Texas, by a direct route. At 10:25 A.M. the motorcade will arrive at Love Field. The whole motorcade will be driven through the private entrance of Love Field and will be parked immediately adjoining the planes. No program is scheduled for the air port. Planes should be boarded immediately for departure to Shreveport at 10:30 A.M.

Because of the poor loading facilities, it is advisable that no heavy TV or news reel equipment be used for the Dallas program. If this heavy equipment is to be taken on the plane, immediately upon the trains arrival in Dallas, this equipment should be loaded on a truck for delivery to Love Field. A police escort and one car will be available.

Private telephone booths and Western Union facilities are available on the left side of the speakers platform at ground level. Similar facilities are available inside the International Room of the American Airlines office at Love Field.

Name → The formation of a Labor for Eisenhower organization for New York State was announced today by Charles Johnson Jr., a member of the Executive Board of the United Brotherhood of Carpenters and Joiners of America, A. F. of L.

Chm → Mr, Johnson, who will serve as chairman of Labor for Eisenhower, said the members of the group's Executive Committee are active leaders in union's representing 600,000 trade union members in the state.

Mr. Johnson said that the new group will put on a vigorous campaign in every industrial community in behalf of the Republican Candidate for President.

V Ch → Max Block of New York, president of the Amalgamated Meat Cutters, Local 342, will serve as vice chairman.

Sec + Treas Charles W. Hanson of New York, president, New York State Council of Carpenters, A. F. of L., is secretary-treasurer.

Frank Niger of Rochester, President, New York State Council of Barbers, A. F. of L., is chairman of organization.

Patrick J. Geracci, of Buffalo, president of the Buffalo Joint Executive Council of Bartenders, Waiters, Cooks, Hotel and Culinary Workers, A. F. of L., is recording secretary.

Mrs. Betty Hawley Donnelly, Local 399 of the New York State County and Municipal Employees, A. F. of L., is director of the Women's Division.

"The response to our appeal for support for Eisenhower from union leaders and trade union members has far exceeded our expectations," said Johnson. "It is clear proof that organized labor has not forgotten the Gompers' doctrine of rewardi the friends of labor. 'Ike' is a proven friend of labor.

"As a union leader, I naturally want many provisions of the National Labor Relations Act revised," added Johnson. "The Democrats have had over four years to bring about those changes. Instead they have played political 'Potsie' with this important problem. 'Ike' has promised us a fair appraisal of this issue base on a realistic approach. Eisenhower has given his personal assurance to us and to other responsible labor leaders that he means to act on this problem immediately after taking office. On the basis of his past performance, we feel safe in putting our trust in him.

(MORE)

"The working people with whom I have come in contact are not going to write another blank check. They are tired of being taken for granted. Candidates from both parties who are friendly to labor will receive the support of trade-unionists and their families. These union members are tired of the apathy that has settled over Washington like an unhealthy smog. They are tired of meaningless promises. That is why the majority of them support Eisenhower.

"Like many other trade union leaders in the building trades, I first met General Eisenhower during World War II, when he was building the bastion of freedom in our crusade against Hitler. We were all impressed with his grave concern for the welfare of his troops, his humility as a human being and his capable leadership. He was good enough to lead us then and he is the best qualified to lead us now.

"American working people want a full employment program based on the full capacity of our production. They don't want an economy that rests on a cold war or the threat of total war. We feel that Eisenhower is the man who can muster the best brains for a program of full employment for America's sixty million wage earners based on permanent peace."

Members of the Executive Committee of Labor for Eisenhower are:

Edward Bjork, President, Carpenters Local Union 488, NYC.

Robert Bowker, President, Westchester County District Council of Carpenters.

Thomas J. Cahill, Jr., President, Switchmen's Union of North America, Broome Lodge #114, Binghamton, N.Y.

FOR RELEASE

NOTE: To City Editors

For your information in arranging coverage of Dwight D. Eisenhower in New York City tomorrow (Saturday, October 25), the press plans are as follows:

10:30 A.M.----Eisenhower is scheduled to arrive at Grand Central Terminal, Track 27 or 28.
He will go by motorcar direct to Baker Field, Columbia University, to participate in Homecoming Day Ceremonies.
Buses will be available at Grand Central to provide transportation for all newsmen and photographers who may want to cover his activities through the day.
Also, a flat-bed truck will be available for TV film cameramen and newsreel men covering the day's activities.
Eisenhower will stay at Baker Field, attending the first half of the Columbia-Army football game. (Note, due to the heavy advance sale of tickets, it has not been possible to arrange for seats at the game for the press.)

3:00 P.M.---- Eisenhower will leave the football game and drive to the King's Crown Hotel, Morningside Drive.

3:20 P.M.-----He will meet with leaders of the Labor for Eisenhower organization at the Hotel.

3:40 P.M.-----Eisenhower will join the motorcade starting from the Hotel and touring Harlem, winding up at the Hotel Theresa, 125th Street and 7th Avenue, where the Presidential Nominee will deliver a major address.

Following his address, he will return to his Morningside Drive home.

STATEMENT OF JUDGE WILLIAM C. HUESTON of Washington, D.C., GRAND SECRETARY, IMPROVED BENEVOLENT PROTECTIVE ORDER of ELKS of the WORLD, IN PRESENTING A CITATION TO GENERAL EISENHOWER ON THE OCCASION OF HIS CAMPAIGN VISIT TO HARLEM, SATURDAY OCTOBER 25, 1952.

GENERAL EISENHOWER:

When the fighting honor of Negro troops was being impugned before a Congressional committee, you silenced those charges by saying that you had previously testified about "American" troops. These were your exact words:

> "In the testimony, I have never made exception based upon racial derivation or connection. I have not done so because no such exception was applicable or justifiable."

According to the Army's Gillem Report, the first integration of Negro troops in the Army took place under your command when 2,600 Negro troops volunteered for front-line duty. Brigadier General B. O. Davis, famous Negro General, was present.

Later, when the fighting was over and the First Army was being sent home for duty in the Pacific War Theater, these Negro soldiers were being removed by company commanders and assigned to labor battalions. The Negro Handbook of 1946-47, an established authoritative journal of Negro life, gave this account of how you handled the incident:

"Negro troops who were most despondent were those who had fought in Germany. As a last desperate action for redress, a delegation of these troops sought an audience with General Eisenhower, to plead their case. They were received at the General's headquarters in Germany and were promised that their case would be given favorable consideration.

"In September 1945, the victory for these Negro troops was won. Some of them, who had already been transferred to service units, were transferred to the 69th Infantry Division or the 350th Field Artillery Battalion, which was on occupation duty in Germany. Of the 1200 remaining at the time in Europe, none were left in labor battalions."

General Eisenhower, the stand which you and your headquarters in Europe took against segregation in the Army in the following specific instance, bears our grateful commendation. There was much opposition to the War Department order of July 8, 1944, abolishing racial segregation in recreation and transportation facilities at all Army stations. Again, quoting from the Negro Handbook, here is how you handled it:

"In the United States, responsible officers were, for the most part, hostile or lukewarm concerning enforcement of the department's declared policy. However, across the water in England, Lt. General John C. H. Lee, Deputy Commander to General Eisenhower, was reported as letting it be known that the provisions of the order would be strictly carried out. General Eisenhower, himself, had taken a similar stand when he assumed supreme command some months earlier."

Now, then, General Eisenhower, for your part in integrating Negro troops under your command; for your leadership in removing Negro troops from labor battalions and for your active part in abolishing racial segregation at Army stations, please hear the following to wit:

I, William C. Hueston, Grand Secretary of the Improved Benevolent Protective Order of Elks of the World, a fraternal organization representing 500,000 members in forty-eight states, am directed by Robert H. Johnson, our Grand Exalted Ruler, to present this special citation to you:

INSTRUCTIONS

During the Washington movement SA Richard G. Kauffman will be assigned to the Press bus, and at the stop at the Statler Hotel he will see that this bus is pulled out of the line and follows Cars No. 1 and 4, which likewise will be pulled out of the line, to accompany the President-Elect's car from this point to the Executive Offices of The White House.

Cars 2, 3, 5 and 6 will discharge their passengers at the Statler Hotel, and they will standby and await further orders. At this time, it is the plan of Mrs. J. S. Doud, Mrs. John Eisenhower and her three children, to visit the home of Col. and Mrs. Moore, 3030 Klingle Road, N.W., Washington, D.C., telephone numbers Dupont 7886 and Dupont 1081. It is respectfully suggested that one motorcycle be assigned to their car to escort them to the above address, and to remain to escort them to the MATS Terminal for the trip to New York, N. Y.

It is also suggested that a motorcycle escort be assigned to Mrs. Eisenhower in the event that she may wish to visit someone. In any event an escort should standby the Statler Hotel to escort Cars No. 3, 5 and 6 to MATS Terminal for the trip to New York, N. Y. In all likelihood, Mrs. Eisenhower will ride to the MATS Terminal in Car No. 3 with Dr. and Mrs. Howard Snyder.

The Press plane is scheduled to arrive at MATS Terminal at 1PM. The off-duty shift, consisting of the following special agents, Lapham, Downing, Henderson, Honess, and Szpak, will be available for duty at the Statler Hotel. Therefore, a car should be ready to transport them immediately on their arrival to the hotel. This car should stand by to transport these agents back to MATS Terminal when the party leaves the hotel.

Dr. Floyd E. McCaffree will call at the Statler Hotel to see Mrs. Mary Jane McCaffree, his wife.

SA Edmond Power will be assigned to the President-Elect and Mrs. Eisenhower's baggage, and he will see that Mrs. Eisenhower's baggage is placed in the passengers section of the plane. If any of this baggage is taken to the hotel he will accompany same.

FROM: EISENHOWER HEADQUARTERS
THE BROWN PALACE
DENVER, COLO

FOR RELEASE IN THE AFTERNOON
PAPERS OF SATURDAY, AUG. 9, 1952.

Dwight D. Eisenhower, Republican nominee for President, today invited Republican members of the United States Senate and House of Representatives Agricultural Committees to confer with him on farm problems in Denver on Monday, August 11.

The Republican legislators will meet with General Eisenhower and Senator Richard M. Nixon, Republican Vice-Presidential nominee, at luncheon at the Brown Palace Hotel, Eisenhower personal campaign headquarters.

The meeting with the Republican legislators follows a series of preliminary meetings held this week by Senator Frank Carlson of Kansas and Representative Clifford Hope of Kansas with Dr. Milton S. Eisenhower, President of Pennsylvania State College; Representative Ben F. Jenison, of Iowa; Ancher Nelsen, of Hutchinson, Minnesota, a farmer and livestock man who was a member of the agricultural sub-committee of the platform committee of the Republican National Committee; John Harvey, of Des Moines, Iowa; and Representative Leslie C. Arends, of Illinois.

In announcing the Monday meeting, Senator Carlson said:

"Congressman Hope and I have been holding a number of informal, preliminary meetings with dirt farmers and representatives of farm groups in order to present to General Eisenhower, the greatest possible cross-section of farm opinion. These conferences will be continued.

"I am confident that the farmers of the nation realize that General Eisenhower, whose family roots lie in the great farm area of our country, is on their side. They know he is familiar with their problems and concerned about their welfare. Ike is for them and they are for Ike."

MEMORANDUM FOR THE

SECRETARY OF STATE

Subject: Assistance to Korea

As I see it, there will be many ways in which help, during the coming months, can be rendered to the Republic of Korea.

(a). We are committed to a policy of helping to train, equip and organize at least four more divisions, and to give some help in organizing other forms of military units.

(b). The MSA Bill will contain some funds for direct help of that country.

(c). We expect the Congress to authorize the use of some two hundred million dollars out of savings brought about by the cessation of hostilities to help in economic rehabilitation.

(d). With the cessation of fighting, there will be available in Korea certain technical formations of the Army, Navy and the Air Force, whose services as technical advisers, overseers, and in certain cases, actual sonstructors of needed facilities, would be invaluable. The cost will be little, because in any case we must maintain these troops in that region so long as we must keep fighting divisions there. I speak of the various classes of engineers, single troops, quartermaster troops, motor vehicle experts, medical organization, and so on. In many ways help rendered in this fashion could be almost more valuable than under any other authorization, and certainly will be important enough to indicate at once the vital need for real coordination.

I believe a way to secure coordination would be to put this whole business under the authority of the theatre commander. Because of the special political and psychological conditions existing in Korea, there is added reason not only for doing this through a single office, but of charging the military with this responsibility.

If you think well of this idea, I believe we should promptly have a conference between you, Stassen and Wilson -- and any others directly concerned. We could have it in my office, at your convenience.

MEMORANDUM FOR

THE SECRETARY OF STATE
THE SECRETARY OF DEFENSE
THE MUTUAL SECURITY ADMINISTRATOR

Subject: Assistance to Korea

Under date of July 26th I wrote a memorandum on the above subject to the Secretary of State. He replied on July 29th to the effect that all of the addressees named above have seen my memorandum and are making the necessary organizational arrangements for carrying forward the assistance work.

It strikes me that never before have the armed forces of the United States had a better opportunity to contribute more effectively than they now have in Korea toward helping win the cold war, just as they have done their share in the hot war in Korea. If we can develop the proper understanding of this opportunity, if we can produce the enthusiasm that leadership should be able to develop, we can not only assure the technical coordination among all agencies involved in the problem, but we can accomplish several other things.

(a). We can show the entire world that America and her allies are engaged in helping humans, not merely in asserting and supporting any particular government system or policy.

(b). We can cement the bonds of friendship between the Korean people and the American people.

(c). We can relieve the boredom that always attacks an occupying army after the fighting is over, and give our men in that region such a challenge and constructive work to do that its morale will go up rather than down.

(d). We can improve the health and living standards of the Korean people, and we can assure that that region will remain a real bulwark of freedom, rather than a helpless slave of Communistic dictatorship.

I believe that we should communicate at once with General Taylor (who, I think, should take immediate charge of the work in Korea) and ask his comments on a proposed directive to be issued to him for the initiation of this work. It could run something about as follows:

Dear General Taylor:

With the cessation of actual fighting in Korea, it is of the utmost importance that economic rehabilitation of our Korean ally begin at once. Assistance from several sources for such a program is already guaranteed. The Mutual Security Administrator has certain sizeable funds that can and will be devoted to the purpose. In addition to this, the Congress of the United States is authorizing the use of some two hundred million dollars of military funds, savings realized through the cessation of hostilities, to help in the immediate work of rebuilding the Korean economy and in general rehabilitation. Beyond this, the privately sponsored and supported program known as the American-Korean Foundation is working extensively and effectively in numerous programs that will be of the utmost benefit to that nation. Finally, there is the occupying army itself -- and of all these, it could under certain circumstances, be the most effective and the most helpful. Because of this, it is our present conclusion that you personally are best suited and qualified to act as the coordinator for all these programs.

Over and beyond those just mentioned, which are purely American in origin, is the United Nations Fund provided for the same purposes. Without expressing any opinion as to the methods for coordinating the American with the United Nations effort, it seems obvious that the American activities in this regard will be so dominating as to make it logical that the United Nations program will be largely supplementary to that of this country.

I am particularly enthused over the opportunity here presented to the Armed Forces of this country to do something almost unique in all history. It is the opportunity of an army in a foreign land to contribute directly and effectively to the repairing of the damages of war; to rebuild and revivify a nation, and in so doing, to give to itself the satisfaction of constructive and challenging work, dedicated to the preservation and enhancement, rather than to the destruction, of human values.

Every field of human endeavor would invite participation by understanding friends. The restoration of productive facilities of roads, railways, lines of communications, the rebuilding of schools, restoration of hospitals and health and sanitary organizations, the training of teachers, medical staffs and establishing suitable plans for recreation, as well as a countless array of other activities, would bring into play all of the talents present in the great Army, Navy and Air Force that would otherwise become at least partially idle.

I am well aware that you will retain responsibility for maintaining the tactical efficiency of your six troops, including the development of certain additional units for the Republic of Korea.

You will be responsible for the safety of your own front and required to do a number of other things in pursuance of your military mission.

But beyond all this, the task so sketchily outlined in this message would provide a memorable opportunity not only to engineers, quartermasters, medical units, motor mechanics and signal units and the like, but to qualified men from all the line branches who could participate as overseers, advisers and workmen, and as teachers in everything ranging from medical school to the most elementary forms of learning.

I am certain that ~~xxxxyx~~ if America once learned that its armies in an enemy occupied country were devoting themselves earnestly and effectively to this kind of work, that the voluntary ~~xxxxxx~~ donations through the American Korean Foundation would be greatly enhanced and obviously, whatever amount they attain they could be expended largely for the purchase of materials and supplies, and for any highly technical services obtainable only in this country. With the actual work borne by Koreans themselves and our friends of the occupying armies working as partners, an amazing transformation could come about, within the space of months, almost weeks. The effect of this upon the world would, in my opinion, be electrical. News concerning it would gradually penetrate even the vastnesses of the remote regions behind the Iron Curtain. The whole thing would be an inspiration to all of us who are dedicated to the task of defending and advancing freedom, a task to which the Army now under your command has dedicated its efforts and its sacrifices for more than three years.

I should like at the earliest possible moment your comments upon this concept and upon the kind of document that should initiate the work if we attempt to undertake it in this spirit and on this scope. Such a document could take the form of a directive from me as Commander in Chief to you in the field, as the Commander of all this work. Alternately, it could be your directive to your own forces. We here are open to any suggestions along this line, but we do believe that we now have a chance to do something that could easily have influence on every future instance of either hot or cold war.

July 31, 1953.

Dear Mr. Young:

My profound thanks for the cordiality of your note. It is heartwarming to know that you look forward with confidence to the accomplishment of worthwhile governmental programs during this Administration. Your experience in government and business, and your knowledge of the world and of men, make your convictions of unusual significance to me.

Phil, of course, is performing in his usual magnificent style. He has a hard job, but there is no question of his complete fitness for it.

With very best wishes,

Sincerely,

The Honorable Owen D. Young,
Van Hornesville,

July 29th, 1953

Dear Mr. President

This Administration in cooperation with the Congress has moved promptly and vigorously to begin to put the Nation's fiscal affairs in order. The outgoing Administration's recommendations for appropriations have been reduced by about $13 billion, and the prospective deficit for the fiscal year 1953-54 has been reduced from $11 billion to $5-1/2 billion.

However, expenditures authorized by previous Congresses, over which this Administration has had no real control, resulted in a record deficit of $9.4 billion for the fiscal year just ended. In addition, the Government found itself on June 30th with $81 billion of appropriations for previously authorized expenditures for which the money must be provided as the bills are presented from time to time during the coming months. These figures do not include all the appropriations for essential purposes now being made by the present Congress.

The result of this state of affairs is that inevitably the public debt will continue to increase for some months, despite our most vigorous cooperative efforts to reduce expenses.

On June 30th last, the public debt was $266 billion. In order to meet the Government's cash requirements for this current quarter we had to borrow over $6 billion in July, bringing the national debt above $272 billion. Before the end of this calendar year and the next session of the Congress, it will be necessary to borrow more money which will carry the debt well above the legal limit of $275 billion. There is no practicable and sound way of making sufficient additional economies in so short a period to avoid this result.

I must, therefore, suggest that we request the Congress to enact legislation raising the debt limit to $290 billion.

This action will give us the necessary flexibility of operation to meet the obligations which previous action of the Congress has authorized. It will, at the same time, impose on all of us the necessity of promptly bringing our expenditures within our income and balancing our national budget, which is essential to the restoration of sound money for the people of the United States and as a secure base for our leadership among the nations of the world.

Sincerely yours

/s/ G. M. HUMPHREY

To get such a study on the way -- and he thinks it would take at least a year -- he proposes a commission composed principally of outstanding civilians. He would include three retired officers on the commission, one from each service. Each of these should be men who have a record for selfless devotion to duty. They should not be people who have been known as partisans. (I believe he made one suggestion that these three should not be bonafide members of the commission, but merely advisers.)

In any event, there are certain intriguing aspects to his idea. Certainly, I believe that he makes it honestly and with no axe to grind. It is possible that Radford, for instance, might like to get hold of him and talk to him at some length. Possibly you would like to do the same.

If you decide to pursue the matter further, I would be interested to learn of the progress you make.

MEMORANDUM FOR

THE SECRETARY OF DEFENSE

Congressman Carl Hinshaw of California was the Vice Chairman of the so-called Finletter Committee which studied problems associated with the Air Forces, some years ago.

He is a student of military organization, more specifically of the difficulties we have had in eliminating duplications in our services.

He is convinced that one of our troubles comes from the fact that we begin our studies on this matter by attempting to define the roles and missions of the several services. As a result of the mission of each service being stated in general terms, each of the service staffs finds it possible to justify the possession and employment of arms and weapons that cover almost the entire range of military activity. This approach, he feels, almost compels great duplication.

In lieu of this approach, he proposes that we begin our analysis by determination of the weapons and weapons systems that we need in the various situations in which we could conceivably find ourselves. Having determined the type or tactical power (weapons and equipment) needed in combat, he suggests that we begin devising the kind of formations that could use these weapons most effectively.

The next step would be to group together into one service the units employing roughly similar weapons.

Dear ~~Mr. Knight~~ John:

Someone just sent along to me the editorial that appeared under your name in the Chicago Daily News of July eighteenth. I am tremendously gratified that you undertook the task of applying some common sense evaluation to the governmental record of the past six months. Your comments bring out one truth with real clarity. If an in dividual should try to use this office ~~as a search~~ for kudos, he would end up doing a very bad job for the country.

With warm personal regard,

Sincerely,

Dear Bill:

I had no idea that you were taking so seriously my gripes about the press. At the particular moment when I was speaking to you, I was rather resentful of the fact that the very agencies who had made McCarthy were the ones most offended by his practices and methods, and were loudest in their demands that I be the one to cut him down to size. Actually, there is little in your letter with which I would not completely agree. I am particularly certain that I dislike "collusion" in almost any form that it can appear, especially in public life.

There is only one spot where I feel I must still register a mild protest against your conclusions. When you speak of columnists and include "For the most part they mean to be fair and they mean to be honest," you must be feeling more than normally charitable.

Anyway, many thanks for writing to me.

As ever,

Dear Frank:

Thank you very much for your note. You did not describe the gripes of the people who classed as "upstart" Republicans, but later in your letter you talked about taxation, so I assume that this subject was at least one that you had in mind as curdling the blood of this particular group.

There are, of course, millions of Republicans that agree with your hotel man that we must simply cut taxes or have the Republican Congress thrown out on its ear.

How about the people that voted the vast sums that made these taxes necessary? The Administration that entered last January as the job of providing the money to meet 81 billion dollars of obligations over and above whatever costs of government we ourselves incur or authorize. By this I mean that over anbe beyond all the amounts of money that have been collected in taxes, the Congress has authorised buying on an xx installment basis of 81 billion dollars of materials still unpaid for.

This year revenues were several billion dollars less than was official estimated,cbxtc d by the outgoing administration. Consequently, the federal dficit was raised by that much. So that instead of having 5.9 billions to secure by deficit spending (which means printing money in the final analysis) it was something on the order of 9 billions. It xk will take several years to get this in stallment buying with in manageable proportions and to pay up the great sums that are coming due each year.

Suppose we reduce taxes and so increase the deficit, what is going to be the value then of your retired pay? There are millions of people living on pensions or on income from investments, or payment from insurance companies, or on interest. Every one of these individuals will be ruined if we do not stop the deflation in the value of the dolar. Indeed this means that there is no in such thing as tax reduction as long as your dollar is deflated because you cannot bring to the individual enough benefit. xxxReducing [illegible] constant lowering of the people living on pensions or on income from investments, or payments from insurance companies, or on interest. Every one of these individuals will be ruined if we do not stop the deflation in the value of the dollar. Indeed this means that there is no such thing as tax reduction as long as your dollar is continuously decreased in value, because you cannot bring to the individual enough benefit in reducing taxes in order to compensate for the constant lowering of the purchasing power of the dollar.

Of course, the budgetary deficit is only one of the items that makes inflation, but it is an important one and when it is present all the others work with particular emphasis. Beginning in June, 1952, when I first started talking specifically about political matters (but going back also to some of the public talks I made when I was President of Columbia University), I have always maintained one thing -- that the annual federal deficit must be eliminated in order that tax reduction can begin. Reverse this order and you will never have tax reduction.

All this seems so simple that no one ever quarrels with me when I lay it out in front of them face to face. But I get letters such as yours daily. People apparently think that they can reduce taxes regardless of how much is owed by the Federal government, or how much the Federal government spends. So I spend my life trying to cut expenditures, balance the budget, and then get at the popular business of lowering taxes.

Give my love to Louise.

Dear Mr. Gibson:

I was tremendously interested in your report on the current plans and operations of the American Assembly and Arden House. Moreover, I thoroughly approve of the subject you have chosen for your next study and conference.

The item in your letter that held the most interest for me was your paragraph beginning "It is too early to judge, but it strikes us that we have in the American Assembly and in Arden House a new type of education for adult citizens." This single sentence shows that you have unerringly grasped the concept responsible for the founding of the American Assembly. I believe it is really the only place where an attempt is made to integrate into the solution of any selected problem of fundamental interest in the United States, the entire faculty of a university and the business community of the nation. Thus we should have conclusions that not only reflect the thinking of highly trained individuals in every discipline represented in the university, but also the convictions of the individuals who have to meet the weekly payrolls of the nation, those that till its soil and those that represent the workers of industry.

I cannot tell you how much I envy you the opportunity to participate in this kind of work. This I say in spite of my self-confessed inadequacy for the task.

Thank you again for the courtesy of your communication.

With best wishes,

Sincerely,

Mr. Edwin T. Gibson,

9:00 Senator McCarran of Nevada, came to see the President. He suggested a compromise on 240,000 Immigration Bill -- of 190,000 (plus 4,000 children, etc.). Senator McCarran if this was adopted, he would not fight the bill, although he would not vote for it.

8:00 Senator Everett Dirksen came to breakfast -- I asked him to be the "verbal leader" of the middle-of-the-road philosophy (my philosophy) in the Senate. Regardless of the formal leadership, he would be the man to take on all attackers, the champion who would put on the armor and get on the white horse and take on the fight. DDE/acw.

IMMEDIATE RELEASE JULY 22, 1953

JAMES C. HAGERTY, PRESS SECRETARY TO THE PRESIDENT

THE WHITE HOUSE

STATEMENT BY THE PRESIDENT

Senator Knowland has today introduced a resolution to amend the Constitution of the United States. Its purpose is to assure that treaties entered into by the President and consented to by at least two-thirds of the Senate in behalf of the United States shall not override the Constitution. It provides that treaties and executive agreements shall not violate the Constitution, and that the courts may so declare; that in the future the Senate shall vote on treaties by recorded yeas and nays as is the case now with a vote on overriding a veto; and that the Senate may in each instance, when considering the ratification of a treaty, if it so determines, provide that it shall not be effective as internal law save by congressional action.

This resolution has my unqualified support.

Under our form of Government, the President has the duty to conduct foreign affairs. Every American knows this to be our traditional policy which has functioned so well during the lifetime of our Republic.

While I have opposed other amendments which would have had the effect of depriving the President of the capacity necessary to carry on negotiations with foreign governments, I am glad to support the Knowland amendment for it confirms that this Presidential power cannot be used contrary to the Constitution.

All action of the President, either domestically or in foreign relations, must be within and pursuant to constitutional authority. Consequently I am unalterably opposed to any amendment which would change our traditional treaty making power or which would hamper the President in his constitutional authority to conduct foreign affairs. Today, probably as never before in our history it is essential that our country be able effectively to enter into agreements with other nations.

As President I have taken an oath to defend the Constitution. I therefore oppose any change which will impair the President's traditional authority to conduct foreign affairs. Senator Wiley and others who have joined in the defense of these constitutional powers so important to the integrity and safety of our nation, are entitled to commendation and support for their efforts.

It is my belief that the reassurances contained in the Knowland Amendment meet all legitimate demands that have been made in this field of foreign relations.

Dear Johnnie:

This note is intended to reach you by August third and so be there to greet you on your thirty-first birthday.

When I think of that figure thirty-one as representative of your age, I have mixed feelings. Of course to me it seems incredibly young; on the other hand, it seems equally incredible that thirty-one years have passed since the night you were born in Denver.

These observations are not new. In fact, they are old and trite. But I am astonished how often old and trite things seem to be the ones that come closer to expressing one's viewpoints than the sharp, pungent and epigrammatic clauses and phrases.

All of which makes an odd way to say "Happy Birthday."

Devotedly,

Major John S. D. Eisenhower,

MEMORANDUM TO THE

HONORABLE ARTHUR F. BURNS

I am constantly being hounded to announce that forever and ever I will favor support prices for the so-called non-perishable products at 90% parity. The latest argument, brought to me by Congressman Anderson of Minnesota, was as follows:

> The record shows that the national income of the United States is measured in terms of seven times the combined income from agriculture, fisheries, forests and mines. In other words, the argument is that the processing to consumers of our raw materials results in an activity and turn-over that finally is measured in the terms just expressed. Based on this allegation (which I understand is a thesis of a so-called expert named Wilkins) the contention is that this raw material production -- specifically agriculture -- must be supported at high prices if we are to have a prosperous economy and full employment.

Please take a look at this matter and talk to me about it sometime.

I have read both your memoranda. The first -- in almost its entirety -- advocates an approach to the military problem that I have always believed to be sound. I have constantly urged the need for balancing economic and military progress and, of course, I agree with your paragraph 20.

As for your suggestions as to next steps, since I have not discussed these with the Chiefs of Staff or the State Department, I am not in a position to judge whether they are the best means of producing desired results.

With regard to your second memorandum, I think you make certain assumptions that are not necessarily true. The most important of these is that integration of West Germany into a Western concert of nations necessarily defeats the purpose of the peaceful unification of Germany.

I feel that if the integration should take place and progress successfully, then we will see a steady social, political, military and economic advance in Western Germany. This will greatly increase the pressures inside Eastern Germany for joining up with the other part of Germany. It might even become impossible for the Communists to hold the place by force. While out of this situation there might develop conditions that could be almost provocative to a general war, this would come about only if the East -- that is, Russia -- conducted such a campaign of reprisal, repression, and cruelty that the whole Eastern world would break into flames.

However, this could not possibly come about until the West, with the great advantages of EDC, and with greater unification of Western Europe, would have achieved a position of strength that would certainly have a sobering effect on any Russian plan for risking a global war.

As I recently put it when discussing this matter at a press conference, I do not believe there is anything incompatible between German unification and German participation in the EDC, since in my view EDC, like NATO and the UN, is a peaceful concept and need be feared only by any nation that would attack the West.

You understand that I am commenting on your memoranda only because of my own former personal and intimate connection with the military phases of NATO. I am not answering them as the official pronouncement of an individual in my present office -- consequently, I must request that you consider this letter completely confidential, to be revealed to no other person. I write it merely to give you, as my friend, my personal thoughts on your memoranda.

Herewith, two memoranda written by Montgomery of Alamein. He, of course, is an old and dear friend of mine and I should like, unless the State Department sees serious objection, to give him the comments that he requests.

Please note the attached draft of my suggested reply and inform me as to whether you see any indiscretion of any kind in my making this reply.

Dear Slats:

By no means did I consider Sam Bronfman's ideas the product of a crackpot. It is difficult to foresee any truly effective method of preventing struggles among nations, with resulting waste and destruction, except through some eventual amalgamation of groups of those now existing. The trouble is that mutual distrust, prejudice, and hatred are far more important than the most formidable array of fact and logic. At the very time when the world grows smaller and interdependence upon nations becomes manifestly greater and greater, we have a rising tide of militant nationalism. This leads toward greater and greater separation instead of more and more consolidation.

None of these truths is a new discovery of recent years. Thoughtful men have been talking about these things for many, many years. Human nature being what it is, these ideas have never gotten very far. But this does not mean that people of vision and dedication should not keep trying. This is what Mr. Bronfman is doing; one must respect and admire him for it. It is a great relief to run into people who are not self-seeking, at least in the direct sense, but who are on the contrary trying to devote their time, their talents, and their substance to the future of humans.

I enjoyed the luncheon, and the presence of the two of you was the exact opposite of an imposition.

As ever,

Dear Monty:

I have read both your memoranda. The first -- in almost its entirety -- advocates an approach to the military problem that I have always believed to be sound. I have constantly urged the need for balancing economic and military progress and, of course, I agree with your paragraph 20.

You will understand that this does not mean I am prepared to agree in detail with your suggestions as to next steps. While my immediate and personal reaction is that they represent a sound approach, yet I have not discussed these matters with any of our Chiefs of Staff or with the State Department.

With regard to your second memorandum, I think you make two assumptions -- very vital assumptions -- that are not necessarily true.

The first of these is that integration of Western Germany into a western concert of nations necessarily defeats the purpose of peaceful unification of Germany. I feel that if the resulting

integration should take place and progresses successfully, then we will see a steady social, political, military, and economic advance in Western Germany. This will greatly increase the pressures inside Eastern Germany to join up with other parts of their former Empire. It could even become impossible for the Communists to hold the place by force. While out of this situation there might develop conditions that could be almost provocative of general war, this would come about only if the East -- that is, Russia -- conducted such a campaign of reprisal, repression, and cruelty that the whole Eastern world would break into flames. This could not possibly come about until the West, with the great advantages of EDC and of greater unification of Western Europe, would have achieved a position of strength that would certainly have a sobering effect on any Russian plan for risking a global war.

The next assumption you make is that a neutral Germany would necessarily be a disarmed Germany. Former treaties have guaranteed the neutralization of both Belgium and Switzerland. But in neither case was any attempt ever made to disarm these nations. Personally, I think it is correct to say that a completely disarmed but united Germany is unthinkable in the sense that it is inconceivable. In the long run, Germany could not remain free and completely disarmed in a world otherwise armed far more heavily than has previously been the case. I personally believe that if ever we get into this business of guaranteeing the neutrality of Germany, we must be very careful to see that she has the right and the capability of participating in her own defense against an attack from any border whatsoever. In other words, her levels of armament might be limited, but she could not be a completely disarmed country.

You understand that I am commenting on your memoranda only because of my own former personal and intimate connection with the military phases of NATO. I am not answering them as the official pronouncement of an individual in my present office -- consequently, I must request that you consider this letter completely Confidential, to be revealed to no other person. Dear Mr. Owens:

Jim Hagerty has brought to my attention the full page editorial in Sunday's Sun entitled "Six Months of Eisenhower: An Appraisal." Quite naturally, I am gratified that you have found in the record many areas in which you approve of the policies and practices of the Administration. Moreover -- perhaps I should say, more especially -- I am gratified because of your confidence that no matter what doctrinal differences might emerge to separate me from anyone else, including yourself, you could respect my position as derived from honest personal conviction.

Your generous attitude gave me a lift in the midst of a difficult day.

Sincerely,

Dear Swede:

The arrival of your letter reminded me that it has been far too long since I heard from you. My natural impulse would be to do a little complaining at this point -- but when I found, at the end of your letter, that you are in the business of marrying off your youngest daughter, I automatically forgave all sins of omission.

As to the "DE" instead of "Ike," I found to my amazement -- once I was actually sitting behind this desk -- that I became somewhat of an embarrassment to many of my old friends. They didn't want to call me openly -- or at least in front of others -- by my nickname, and this embarrassment apparently carried over in some cases into their letters. They used all kinds of dodges, to avoid extremes of informality and formality, and I soon found that it seemed better to fall in, at least partially, with their own ideas than it was to engage in a long and fruitless argument. One or two of my former correspondents have even cut me off their list -- I think for no other reason in the world than that they felt somewhat embarrassed in addressing me by a formal title and yet they could not quite practice the informality that once characterized their friendships.

This is, of course, only one of the many personal problems that come to a man in this particular position. In your own case, it was nothing but habit that made me use the "DE" because, certainly, no question of embarrassment or strain had ever showed up between us -- thank the Lord! After this, when you receive a communication from me, look first at the signature. If I have made an error, you send it back without reading it, and I will get back on the rails.

This business of making decisions for America brings me strange experiences. I recall almost daily an observation attributed to Napoleon that went something like this: "The genius in war is a man that can do the average thing when everybody else is growing hysterical or panicky in the excitement of the moment." Of course you know that I have always striven to prepare myself as much as possible for the known or calculable requirements of any job assigned me. In this particular post such intentions and practices have to be almost completely discarded. This is because of the infinite variety of problems presented, and the rapidity with which they are placed in front of the responsible individual for action. Consequently, the struggle is to apply common sense -- to reach an average solution.

The one thing that must never be forgotten is that when outsiders come in, always they have an axe to grind. If a man comes in protesting bitterly against any increase in second class mail rates, it is not because he has a burning desire to serve the best interests of the public; it is because he has a burning desire to save the amount it would take out of his pocketbook. Even within government itself, these distorted and selfish views are encountered. For example, you are, of course, personally acquainted with some of the inter-service difficulties resulting from granite-like support of a special or parochial viewpoint. These same quarrels I find endlessly in every department of government.

Fortunately these instances and practices are offset by the numbers of people in governmental service who are completely dedicated individuals. I do not mean merely the persons of Cabinet rank, selected, of course, by the President. It extends on down through the services, both on the appointive and on the career side.

All of these individuals are the ones that help the Head in reaching a common sense, average solution. They are alert for the phony argument and the selfish motive and the untrustworthy individual. They help to meet the deficiencies of a faulty memory, a deteriorating disposition, and any tendency toward the pessimistic or the morbid.

The point of this recitation is that even the matter of reaching a common sense solution -- or making an average decision -- is not one that can be performed by an individual operating alone.

I was interested in a statement of yours in which you express your satisfaction that "at last you are ready to crack down on McCarthy." Now I have no doubt that you are correct in the later statement in the same paragraph where you say, "I have always known that you feel about him much as I do." At the same time, I must say that I am not quite certain as to the meaning of your first expression. Again referring to the special significance or, let us say, the popular standing of the Presidency, it is quite clear that whenever the President takes part in a newspaper trial of some individual of whom he disapproves, one thing is automatically accomplished. This is an increase in the headline value of the individual attacked.

I think that the average honorable individual cannot understand to what lengths certain politicians would go for publicity. They have learned a simple truth in American life. This is that the most vicious kind of attack from one element always creates a very great popularity, amounting to almost hero worship, in an opposite fringe of society. Because of this, as you well know, Huey Long had his idolaters. Every attack on him increased their number (an expression of the under-dog complex) and enhanced the fervor of his avowed supporters.

When you have a situation like this, you have an ideal one for the newspapers, the television and the radio, to exploit, to exaggerate and to perpetuate. In such a situation I disagree completely with the "crack down" theory. I believe in the positive approach. I believe that we should earnestly support the practice of American principles in trials and investigations -- we should teach and preach decency and justice. We should support -- even militantly support -- people whom we know to be unjustly attacked, whether they are public servants or private citizens. In this case, of course, it is necessary to be certain of facts if the defense is to be a personal one. Of course, the indirect defense accomplished through condemnation of unfair methods is always applicable.

Persistence in these unspectacular but sound methods will, in my opinion, produce results that may not be headlined, but they will be permanent because they will earn the respect of fair-minded citizens -- which means the vast bulk of our population. To give way in anger or irritation to an outburst intended to excoriate some individual, his motives and his methods, could do far more to destroy the position and authority of the attacker than it would do to damage the attacked.

Of course, it is really useless to tell you all these things. You are well aware of them. But it is always easy to grow verbose when I write to you.

The part of your letter that talked about some of the "pap" being written about me gave me quite a smile for the simple reason that I rarely, if ever, read any of these things.

Once in a while I see an editorial dealing with the work I am now doing and the manner of its performance. This I try to read and apply objectively, but the old stories of smoking corn silk and fishing for mudcat are written for someone else, not for me.

I agree with you as to the convenience represented in the Williamsburg. We liked her. But I am committed to an Administration of economy, bordering on or approaching austerity. So in spite of the fact that I felt she performed a desirable, if not almost an essential service, I felt that the very word "yacht" created a symbol of luxury in the public mind that would tend to defeat some of the purposes I was trying to accomplish. For the same reason I gave up the Presidential quarters at Key West. I have kept only the little camp up in the Catoctins. It has been renamed "Camp David." "Shangri-La" was just a little fancy for a Kansas farm boy.

Give my love to Ibby, and, of course, all the best to yourself,

As ever,

Captain E. E. Hazlett, Jr., U.S.N. (Ret'd.),
Forest Hills,
Chapel Hill,
North Carolina.

THE WHITE HOUSE
WASHINGTON

July 7, 1953.

Dear Senator Flanders:

I carefully read the speech you made on the Senate floor.

I assure you that the Administration is well aware that moral values must underlie any form of leadership that is to be successful. Moreover, the concept of a united, neutralized Korea has been thoroughly discussed over past several months as a possible solution to our problems in that region. Beyond this, both the State Department's and my own public pronouncements have made crystal clear that it is people in whom we are concerned -- their legitimate aspirations and their opportunity to achieve those aspirations. For us, of course, there remains the question of the method of helping them attain such objectives. You do not suggest general mobilization and all-out war, and I assume that you consider such an eventuality as repugnant and disastrous. Certainly I do.

Consequently it is clear that what we are talking about is not merely the acceptance of moral values as the basis of leadership nor any question as to concern for humans as opposed to governments and political arrangements. What we are really talking about is the application of such ideas and principles to the specific situations that confront us in the world. These situations most frequently have a surface appearance of having been caused by an awakened spirit of nationalism; actually I believe they are most often caused by the Communist agitators who exploit the spirit of nationalism to cause unrest and disorder and open rebellion, without regard to the welfare of the people involved.

With respect to your belief that France should announce a firm intention of establishing self-government and independence in the associated states of Indo-China, I agree wholeheartedly. I have personally urged this upon the French authorities and secured their agreement in principle. So far the trouble has been that they have made such announcements only in an obscure and round-about fashion -- instead of boldly, forthrightly and repeatedly.

Thank you for giving me the benefit of your thinking.

Sincerely,

The Honorable Ralph E. Flanders,
The United States Senate,
Washington, D.C.
